Babu, Dr. S. Kalaivani & Dr. K. Saileela, 2019-04-26 Traditionally education is centered on sources such as schools teachers and print media The learners reached the information sources by enrolling with schools teachers and libraries Prior to the digital era information was not accessible by the majority of people and even those accessed were unable to obtain current information with respect to today's context The modern society wants to know the information as it happens and when it happens and the world is moving from an information society to a knowledge society Thus education is given the highest priority and brainpower is becoming the most valuable asset of an organisation Advances in digital technology have opened up many avenues of learning Technology has made information accessible transmittable from anywhere and by to all groups of people The higher education landscape is changing rapidly challenging academic professionals to think critically about their roles in the field

The Case for Critical Literacy Alice S. Horning, 2024-08-15 The Case for Critical Literacy explores the history of reading within writing studies and lays the foundation for understanding the impact of this critical yet often untaught skill Every measure of students reading comprehension whether digital or analog demonstrates that between 50 and 80 percent of students are unable to capture the substance of a full discussion or evaluate material for authority accuracy currency relevancy appropriateness and bias This book examines how college level instruction reached this point and provides pedagogical strategies that writing instructors and teachers can use to address the problem Alice Horning makes the case for the importance of critical reading in the teaching of writing with intentionality and imagination while sharing glimpses of her own personal history with reading and writing Horning provides the context for understanding what college faculty face in their classrooms and offers a history of critical literacy that explains why to date it has mostly neglected or ignored the diverse statuses of students reading challenges The Case for Critical Literacy explores actionable options to better meet students literacy needs College and university faculty especially writing instructors will benefit from an understanding of what has happened in the field and what needs to change *Branch Library News* New York Public Library, 1914
