accounts and so on this book maps the explosion of English language writing in India after the economic liberalization and points to the nation's sense of its growing importance as a producer of culture From Ramachandra Guha to William Dalrymple from Arundhati Roy to Pankaj Mishra from Jhumpa Lahiri to Amitav Ghosh from Amartya Sen to Gurcharan Das from Barkha Dutt to Tarun Tejpal this investigation takes us from aesthetic imaginings of the nation to its fractured political fault lines the ideological predispositions of the writers often pointing to an asymmetrically constituted India A major intervention on how postcolonial India is written about and imagined in the anglophone world this book will be of great interest to scholars and researchers of cultural studies literature history and South Asian studies It will also be of interest to general readers with an inclination towards India and Indian writing *Stories That Bind* Madhavi Murty, 2022-05-13

Stories that Bind Political Economy and Culture in New India examines the assertion of authoritarian nationalism and neoliberalism both backed by the authority of the state and argues that contemporary India should be understood as the intersection of the two More importantly the book reveals through its focus on India and its complex media landscape that this intersection has a narrative form which author Madhavi Murty labels spectacular realism The book shows that the intersection of neoliberalism with authoritarian nationalism is strengthened by the circulation of stories about emergence renewal development and mobility of the nation and its people It studies stories told through film journalism and popular non fiction along with the stories narrated by political and corporate leaders to argue that Hindu nationalism and neoliberalism are conjoined in popular culture and that consent for this political economic project is crucially won in the domain of popular culture Moving between mediascapes to create an archive of popular culture Murty advances our understanding of political economy through material that is often seen as inconsequential namely the popular cultural story These stories stoke our desires e g for wealth scaffold our instincts e g for a strong leadership and shape our values *Outlook* , 2008-12-22

Enterprise Culture in Neoliberal India Nandini Gooptu, 2013-10-30 The promotion of an enterprise culture and entrepreneurship in India in recent decades has had far reaching implications beyond the economy and transformed social and cultural attitudes and conduct This book brings together pioneering research on the nature of India's enterprise culture covering a range of different themes workplace education religion trade films media youth identity gender relations class formation and urban politics Based on extensive empirical and ethnographic research by the contributors the book shows the myriad manifestations of enterprise culture and the making of the aspiring enterprising self in public culture social practice and personal lives ranging from attempts to construct hegemonic ideas in public discourse to appropriation by individuals and groups with unintended consequences to forms of contested and contradictory expression It discusses what is new about enterprise culture and how it relates to pre-existing ideas and goes on to look at the processes and mechanisms through which enterprise culture is becoming entrenched as well as how it affects different classes and communities The book highlights the social and political implications of enterprise culture and how it recasts family and interpersonal relationships

as well as personal and collective identity Illuminating one of the most important aspects of India's current economic and social transformation this book is of interest to students and scholars of Asian Business Sociology Anthropology Development Studies and Media and Cultural Studies *Business World* ,2010 *Business Today* ,2009 **Strategy & Business** ,2009 *India Today International* ,2009 **Business Week** ,2009 **Imagining India & Ideas for the New Century** Nandan Nilekani,2008 Uprooting Geographic Thoughts in India Rana P. B.
