Intelligent Fanatics Project How Great Leaders Build Sustainable Businesses:

Intelligent Fanatics Project Sean Iddings, 2016-08-12 How does a great company sustain and grow profits for decades Most people call to mind Warren Buffett's analogy of a moat various defenses to thwart competition But moats are fleeting they are here today and gone tomorrow The more important question is who builds and maintains moats Intelligent fanatics do These leaders build high performance organizations that can dominate for decades The Intelligent Fanatics Project uncovers the stories of eight intelligent fanatics who built dominant and enduring businesses A 1 000 investment with each of these intelligent fanatics on average would have been worth 3 4 million thirty seven years later a 24 6% compounded annual return They operated in a wide array of industries in different time periods different continents and in different economic backdrops yet their leadership styles strategies corporate cultures and values were similar Intelligent fanatics are what every entrepreneur aspires to be and what every long term investor dreams of finding and investing in early Sean Iddings and Ian Cassel weave together the common traits amongst intelligent fanatics to help both the investor and entrepreneur generate extraordinary returns Intelligent Fanatics Project Sean Iddings, 2016-04 *Mapping Motivation for Top Performing*

Teams James Sale, 2020-12-14 Mapping Motivation for Top Performing Teams is the final volume in a series of books that are all linked to the author's Motivational Map toolkit Each book builds on a different aspect of personal team and organisational development This book using the Motivational Map the Team Motivational Map as well as the Organisation Motivational Map is a practical guide to understanding how team dynamics and success are hugely influenced by motivational factors which are not usually taken into account The book is a deeper exploration of team mapping which occurs in Chapter 6 of Mapping Motivation 2015 Chapter 6 of Mapping Motivation for Engagement with Steve Jones 2019 and Chapter 6 of Mapping Motivation for Leadership with Jane Thomas 2020 But whereas these chapters only touched on specific aspects of team dynamics this book covers the issues more comprehensively it also attempts to avoid replication of materials although there are bound to be small overlaps It covers not only how motivations affect team productivity and how this can be boosted through targeted Reward Strategies but also how mapping provides profounder insights into the four key characteristics of top performing teams the clear remit vital interdependency strong belief and real accountability How Motivational Maps covers these areas we believe to be original eye opening and effective in the management of change Further as always with Motivational Maps its language and metrics raise self awareness at an individual and team level and so can help resolve conflicts through its common and non judgmental language Managing teams is the key skill of managers thus this book is a handbook for managers everywhere who wish to excel at management for without bringing their teams on board i e motivating their teams they are not effectively managing **Intelligent Fanatics** Sean Iddings, Ian Cassel, 2017-11-22 We help you accumulate and internalize the experiences of nine relatively unknown intelligent fanatic giants We also contrast their leadership styles against less successful companies during the time period The intelligent fanatic blueprint holds true

across every time period continent and industry **Business on a Mission** Andy Last, 2021-12-30 Business on a Mission is a simple to follow guide for how organisations can adapt to the changing world and evolving expectations of stakeholders to build more purpose led sustainable businesses It features proven models and case study examples of how to create a brand that talks to the emerging Gen Z consumer base how to use social missions to drive sales in retail and with B2B customers how to preserve reputation and licence to operate by working in partnership with not for profit organisations and how to attract and retain the best talent by demonstrating a genuine social purpose As well as clear applicable models and behind the scenes descriptions of how successful campaigns were built and sustainable change made this book features candid interviews with change makers from the worlds of retail professional services consumer goods and NGOs This second edition looks at how businesses and brands like Dove are now linking social and environmental goals with an exclusive interview with Unilever CEO Alan Jope It explores how investors are now driving a systemic change in focus in the boardroom towards the sustainability agenda and how leaders can respond to this featuring a new interview with Frank Cooper Global Chief Marketing Officer and member of the Global Executive Committee at BlackRock The impact of the pandemic on what it means to be a sustainable brand including a focus on sustainable supply chains the growing power of Gen Z the growth of online purchasing multi stakeholder partnerships increased regulation and culture at work is also explored This book has been read enjoyed and used by business leaders to identify models for change by managers to create progressive campaigns by NGOs to create stronger partnerships with the private sector and by students to learn how theories of social purpose and sustainability can be applied in the real world The first edition was Bronze winner of the AXIOM Business Book Award in the category of Philanthropy Non Profit Sustainability **Global Sustainability** Mark Lefko, 2016-11-15 Smart business leaders care about Sustainability It s not just good PR it s good business and a growing number of leading CEOs are embracing it Mark Lefko s Global Sustainability examines this vital subject from the perspective of today s most influential business leaders Global Sustainability means ensuring that everyone on Earth has what they need to survive and thrive But in order for this to be feasible and sustainable businesses need to be able to turn a profit Lefko shares profound insights gleaned from his one on one interviews with business leaders of all stripes from the CEOs of Global Multinationals Fortune 50 giants to visionaries leading plucky startups Learn from these CEOs and others Sir Richard Branson Virgin Group Paul Polman Unilever Ann Sherry Carnival Australia Feike Sijbesma DSM David MacLennan Cargill Marc Benioff Salesforce In exclusive interviews these 21 leading CEOs explain How the Global Sustainability movement is shaping the growth of the most profitable companies around the world How your company can participate fully in this movement and profit from your participation How your guiding ethical principles shape your company s identity and why they re vital to your survival Global Sustainability is about more than just doing good it s about doing well by doing good **Green Giants** E. Williams, 2015-08-12 What do Brazil s top beauty brand America s second fastest growing restaurant chain and the world s

third bestselling car have in common besides achieving enormous success with revenue in the tens of billions They are doing it all while holding to their convictions of implementing sustainable principles that help consumers live better lives But they aren't the only ones Green Giants examines nine companies including Chipotle Toyota Unilever Tesla General Electric and more who have established the blueprint for sustainable success that anyone can follow Author Freya Williams an early pioneer of the modern sustainable business movement discovered six factors responsible for the overwhelming success of these nine socially responsible companies The Iconoclastic Leader Disruptive Innovation A Higher Purpose Built In Not Bolted On Mainstream Appeal New Behavioral Contract Packed with eye opening research exclusive interviews and enlightening examples Green Giants serves as your blueprint for merging wild profitability with social responsibility

Pathfinder Guide Winning Business Academy, Winning Pitch Limited, 2007 **Triple Value Leadership** Sander Tideman, 2022-05-08 With the sustainability emergency businesses can no longer give priority to commercial interests and financial gains and close their eyes to societal and environmental interests We need a new higher perspective to close the gap We need to formulate a new business logic and a sustainable value creation method for sustainable business for their customers and society that is all business stakeholders as well as the planet This book will do just that This book presents the insights gained from action research with leading companies across the world to discover a comprehensive method that works a practical framework for CEO and business leaders who want to lead their organization along the sustainability transition Building on the latest insights from science summarized as the systems view of life the book identifies six principles that provide a new leadership lens on how to understand the changes taking place in business Based on these insights the book offers the Triple Value mindset model consisting of six distinct leadership qualities which shows how to create sustainable value from a systems perspective This model is unique as it enables business leaders to scale their intended impact from the organization to all stakeholders in the value chain thus transcending the conflict between business and society Not only that the book will also offer you a leadership journey an adventure that will transform the way to think feel and execute the new perspective in your company while perfecting your leadership potential and inspiring the people you work with On the journey you will be supported by models tools and best practices which will help you to reimagine your business strategy and your role as leader in driving sustainable transformation and success *Net Positive* Paul

Polman, Andrew Winston, 2021-11 Runaway climate change and persistent inequality are ravaging the world and humanity Who can help lead us to a better future Business These massive dual challenges and other profound shifts like pandemics resource constraints and shrinking biodiversity threaten our very existence on the planet Yet division and discord risk undermining our response just when we need to come together Global partnership and leadership are lacking free trade and globalization are under attack and populism continues to breed intolerance and disruption At this critical time in history the imperative to reimagine our economies and companies could not be more urgent Fortunately many in the business

community from large corporations to microenterprises are helping to solve our most profound challenges by deploying long term purpose led business models that put people and planet first And they are profiting on this new path with new tools AI and data driven transparency and radical improvements in the economics of clean technologies The key question has flipped from Why would you do sustainability to Why wouldn't you In this paradigm shifting book former Unilever CEO Paul Polman and sustainable business guru Andrew Winston provide a model to help leaders build companies that contribute more to the world than they use or take that is net positive companies They bypass the last gasps of denial to show how purpose and profits are inextricably linked and how collective action can deliver the scale of change and transformation the world needs Net Positive outlines the principles and practices for surviving and thriving based on the experience of one world leading company Unilever and other groundbreaking global organizations This essential book is for leaders executives managers and professionals who want to succeed but know that winning requires caring deeply about serving the world Building a net positive company is the key and this book shows the way

People Planet Profit Peter Fisk, 2010-02-03 Social and environmental issues are more important than ever and consumers are committed to supporting change Doing good is no longer a peripheral activity but fundamental to every aspect of how we do business every day for everyone People Planet Profit is the first book to truly address business growth in the context of social and environmental concerns It's a practical guide to new business opportunity operational improvement and competitive advantage Full of inspiring case studies it looks at the challenges faced by key players such as Google Microsoft Apple Nokia Nike Amazon M S and Walmart With plenty of comments from industry insiders it's essential reading for CEOs and business managers who are searching for new ways to create value to make sense of business in a rapidly shifting landscape and to deliver profitable growth whilst also doing the right thing

Building a Sustainable Business: Long-term Strategies for Success Ahmed Musa, 2024-12-26 The future of business is sustainable Building a Sustainable Business Long term Strategies for Success is the ultimate roadmap for leaders entrepreneurs and visionaries who want to align profitability with purpose and create businesses that thrive in today's dynamic world Packed with actionable insights this book explores how to embed sustainability into every facet of your business From crafting a compelling vision and engaging stakeholders to innovating with green technologies and scaling globally it provides the tools and strategies needed to achieve long term success Discover how to Build a resilient business model that adapts to challenges and seizes opportunities Leverage innovation to address global issues like climate change and resource scarcity Foster a corporate culture that champions sustainability at every level Engage customers employees and communities to create value for all stakeholders Measure your impact using meaningful metrics and transparent reporting Featuring real world case studies from companies like Patagonia Tesla and Unilever as well as practical frameworks for overcoming challenges this book offers a fresh perspective on what it takes to lead in the age of sustainability Building a Sustainable Business is more than a guide it's a call to action Whether you're launching a startup or rethinking an

established organization this book equips you to build a legacy of impact innovation and success The time to act is now shape the future by building a business that lasts Leadership for Sustainable Futures Gayle Avery, 2005 Leadership for Sustainable Futures presents arguments against the prevailing Anglo US philosophy which puts short term interest over sustainable development values shareholders over other stakeholders and seeks profits at the expense of the environment and society In China we recognise that sustainable development in economic social and environmental terms is vitally important for the future of the country Chinese leaders are set to adopt the scientific approach to development and commit themselves to build a harmonious society which promises a more equal distribution of wealth as well as greater emphasis on the protection of the environment The very key is to put people first a viewpoint that is argued so cogently in your book Leadership for Sustainable Futures I firmly believe that your book will be invaluable for Chinese enterprises seeking to adopt an approach to doing business which leads to sustainable growth Dr Qin Xiao Chairman China Merchants Group from foreword of the Chinese translation of the book A fascinating book with a provocative thesis and numerous case studies of companies Business Ethics This is a scholarly but readable book that challenges much of what we take for granted about management in the world today Harvard Business School Working Knowledge Papers GL recommends this book to business leaders We really welcomed Gayle Avery s discussion about how adopting an overall philosophy directs the decisions that companies make that sustainability isn t a one off event but a long term approach Her well thought out cases provide a valuable insight to alternative solutions such companies find when faced with challenges such as a drop in orders or changing skill demands The Gallon Environment Letter Canadian Institute for Business and the Environment For years many of us have been criticizing the Anglo American corporate system not only on moral grounds but on practical grounds as well Gayle Avery moves beyond these criticisms to a detailed examination of precisely why the European systems function better as a business matter as well as a social matter In so doing she provides an excellent handbook for business leaders to follow Leadership for Sustainable Futures should become a classic in its field Lawrence E Mitchell The George Washington University Law School US At a time when business leaders are coming under severe pressure to adopt the Anglo US ideal of shareholder value Leadership for Sustainable Futures convincingly demonstrates the corporate and social superiority of the approach which adds simultaneous value to shareholders and stakeholders Although its roots lie in Europe this leadership approach is practiced worldwide by successful companies that outperform the market over time Gayle Avery s message is brought to life by practical examples from 28 organizations illustrating different facets of sustainable leadership This well researched coherent book makes timely and essential reading Martin Hilb University of St Gallen Switzerland Many managers in the English speaking world are seeking an alternative to the prevailing business model which promotes a short term shareholder value approach In this accessible and highly topical book Gayle Avery argues that this Anglo US approach to capitalism and business is seriously flawed and does not bring the quality of life to individuals and societies that many

people seek But what is the alternative and do business leaders have a different choice This book demonstrates alternative ways of leading sustainable organizations It identifies 19 criteria for sustainable leadership practices that can be found in globally successful enterprises such as Allianz BMW Munich Reinsurance Nokia Novartis and Porsche Sustainable principles include promoting ethical behavior long term thinking and innovation and valuing employees and other stakeholders such as the community the environment and fu *Passing the Baton* ,2011
