Intentionality An Essay In The Philosophy Of Mind:

Intentionality John R. Searle, 1983-05-31 Intentionality provides the philosophical foundations for Searle's earlier works *Speech Acts and Expression and Meaning* Intentionality John R. Searle, 1984 **Intentionality** John Rogers Searle, 1988

Intentionality John R. Searle, 1983 **Intentionality** John R. Searle, 1993 **The Reshaped Mind** Lace Marie Williams-Tinajero, 2010-11-11 Employing John R Searle's categories of language and mind this book analyzes five NT texts from a speech act perspective what certain NT writers and characters asserted and believed concerning the effects of Christ's blood at the literal and metaphorical levels *Philosophy, Mind, and Cognitive Inquiry* David J. Cole, J.H. Fetzer, T.L. Rankin, 2012-12-06 This series will include monographs and collections of studies devoted to the investigation and exploration of knowledge information and data processing systems of all kinds no matter whether human other animal or machine Its scope is intended to span the full range of interests from classical problems in the philosophy of mind and philosophical psychology through issues in cognitive psychology and sociobiology concerning the mental capabilities of other species to ideas related to artificial intelligence and computer science While primary emphasis will be placed upon theoretical conceptual and epistemological aspects of these problems and domains empirical experimental and methodological studies will also appear from time to time No problem within the field of cognitive inquiry is more difficult than that of developing an adequate conception of the nature of mind and of its mode of operation Our purpose in compiling the present volume has been to contribute to the pursuit of this objective by bringing together a representative cross section of the principal approaches and the primary players who are engaged in contemporary debate on these crucial issues The book begins with a comprehensive introduction composed by David Cole the senior editor of this work which provides a background for understanding the major problems and alternative solutions and ends with a selected bibliography intended to promote further research If our efforts assist others in dealing with these issues they will have been worthwhile J H F David J Cole et al eds *Philosophy Mind and Cognitive Inquiry* ix Philosophy of Mind, Volume 21 John Hawthorne, 2007 *Philosophical Perspectives* an annual aims to publish original essays by foremost thinkers in their fields with each volume confined to a main area of philosophical research *Philosophy of Mind* Edward Feser, 2006-10 In this lively introduction to the philosophy of mind important questions are tackled with clear explanations of all the theories of mind from the classic accounts of Descartes and Aquinas to the developments in computing and cognitive science **Contemporary Philosophy: Philosophy of mind** Guttorm Fløistad, 1981 A continuation of two earlier series of chronicles *Philosophy in the mid century* Frienze 1958-59 and *Contemporary philosophy* Frienze 1968 Pref Trying Without Willing Timothy Cleveland, 2016-12-05 Within the context of a critique of volitional accounts of action based on trying *Trying Without Willing* articulates a conception of intentional action based on the notion of *de re* intention A central theme is that volitional theories of action based on the concept of trying presuppose dubious Cartesian assumptions about the nature of mind and mental states There

is an original account of Cartesianism which captures how even the orthodox materialist theories of action are bound by Cartesian assumptions Articulating criticisms of contemporary volitional theories against the backdrop of this Cartesian picture provides a diagnosis of what is amiss with all these views and helps motivate a new view of the mind and its role in intentional action This view has some affinities with the view of perception which Hilary Putnam recently articulated in his Dewey Lectures and John McDowell developed in his recent book *Mind and World* This book will be of interest to professional philosophers and graduate students as well as anyone seriously interested in the philosophy of mind the nature of intentional action the problem of mental causation or the influence of Cartesianism in contemporary analytic philosophy **The**

Berkeley Undergraduate Journal ,1993 *Renaissance Theater and the Legal Discourse of Intentional Action* Luke Andrew Wilson,1992 *Intentional Acts and Institutional Facts* Savas L. Tsohatzidis,2007-06-17 Savas L Tsohatzidis John Searle is famous for his contributions to two fields with long and distinguished traditions within analytic philosophy the philosophy of language and the philosophy of mind but his interests and achievements extend beyond these fields From the early 1990s he has added to his research agenda a theme that was not only largely new to his philosophical preoccupations but also largely absent from the concerns of analytic philosophy as a whole the systematic examination of the mode of being of a particular kind of facts institutional facts that appear to be no less objectively knowable than ordinary physical facts yet seem to be essentially dependent for their existence on the subjectivity of human minds to recall one of his favourite examples one can know that something is a piece of paper as objectively as one can know that it is a twenty dollar bill but something's being a piece of paper does not depend on anyone's taking it to be a piece of paper whereas its being a twenty dollar bill crucially depends on a lot of people taking it to be a twenty dollar bill Searle's attempt to give a systematic account of the combination of epistemic objectivity and ontological subjectivity that in his view characterizes institutional facts has led to a full blown theory that he presented in his 1995 book *The Construction of Social Reality* and further developed in his 2001 book *Rationality in Action* *Why Language Matters for Theory of Mind* Janet Wilde Astington,Jodie A.

Baird,2005-03-24 An exploration of how children develop an understanding of the theory of mind the concept that people are mental beings who have beliefs desires emotions and intentions and whose actions and interactions can be interpreted and explained by taking account of these mental states **Intentionality** Gábor Forrai,György Kampis,2005 This book contains

eleven original papers about intentionality Some explore current problems such as the status of intentional content the intentionality of perception and emotion the connections between intentionality and normativity the relationship between intentionality and consciousness the characteristics of the intentional idiom Others discuss the work of historical figures like Locke Brentano Husserl and Frege *The Routledge Pragmatics Encyclopedia* Louise Cummings,2013 This is a comprehensive reference volume that will give the reader an insight into all the concepts theories issues and scholars that have shaped the field of pragmatics **Consciousness, Theatre, Literature and the Arts** Daniel Meyer-Dinkgräfe,2006

In May 2005 the University of Wales Aberystwyth hosted the First International Conference on Consciousness Theatre Literature and the Arts 80 delegates from fourteen countries attended the conference This book collects 40 of the papers presented characteristic of the wide range of topics and disciplines represented at the conference Journal of Semantics
