International Business John D. Daniels, 2004-08-31 This is a splendidly fresh and clear account of the main political events in England between the Norman Conquest and King John's Magna Carta Michael Clanchy FBA Emeritus Professor of Medieval History at the Institute of Historical Research University of London Lucid and perceptive striking an effective balance between primary and secondary authorities Huscroft's book is both a significant statement in its own right and an ideal introduction to other work in the field Professor David Carpenter Kings College London Ruling England is about the exercise of political power in England at a time of formative change in the country's history Framed at one end by the Norman Conquest and at another by Magna Carta it describes what happened why and with what consequences in politics government law and the church It analyses developments from a royal perspective and focuses on the policies and priorities of the English kings the limitations of the political system within which they operated and the efforts they made to expand their power It explains how the ruler of the most sophisticated kingdom in twelfth century Europe was eventually compelled to submit to the humiliation

International Business John Daniels, Professor John Daniels, Lee Radebaugh, Daniel Sullivan, 2012-01-04 An effective balance between authoritative theory and meaningful practice International Business is an authoritative and engaging voice on conducting business in international markets This text not only describes the ideas of international business but it also uses contemporary examples scenarios and cases to help readers effectively put theory into practice This edition features updated author written cases including ten entirely new cases and expanded coverage on emerging economies

The International Handbook of Labour Unions Gregor Gall, Adrian Wilkinson, Richard Hurd, 2011-01-01 This insightful Handbook examines how labour unions across the world have experienced and responded to the growth of neo liberalism Since the 1970s the spread of neo liberalism across the world has radically reconfigured the relationship between unions employers and the state The contributors highlight that this is the major cause and effect of union decline and argue that if there is to be any union revitalisation and return to former levels of influence then unions need to respond in appropriate political and practical ways Written in a clear and accessible style the Handbook examines unions efforts to date in many of the major economies of the world providing foundations for understanding each country Policymakers analysts academics researchers and advanced students in employment industrial and labour relations as well as political economy will find this unique Handbook an important resource to understanding the contemporary plight and activity of labour unions
