International Organizations Politics Law Practice

Marieke Louis, Lucile Maertens

International Organizations Politics Law Practice:

International Organizations Ian Hurd, 2010-11-25 International organizations are at the heart of many global issues today. This 2010 textbook looks at the leading international organizations and explains how they both shape and are shaped by international politics. The book examines three themes: the legal obligations that give international organizations their powers; the mechanisms that elicit compliance by their member states; and the practices of enforcement in the organizations. Each chapter shows how international organizations work in practice and the interactions between them and their member states. This text provides a comprehensive understanding of what international organizations do, how and why they do it, and the challenges they face.

International Organizations Ian Hurd, 2014 This updated introductory textbook explores law, compliance, and enforcement through chapter-length case studies of the world's most important international organizations.

International Organizations Ian Hurd, 2021 This fourth edition introduces modern international organizations, highlighting the legal and political features of the most important global institutions.

International Organizations Ian Hurd, 2017-09-21 Now in its third edition, this leading undergraduate textbook has been revised and updated throughout to take account of recent developments in world politics. Concise and engagingly written, the book is core reading for courses on international organizations, international law and politics, and global governance. Unlike other textbooks in the field, it takes readers behind the scenes of the world's most important international institutions to explore their legal authority and the political controversies that they generate. It presents chapter-length case studies of the world's leading international organizations with attention to the legal, political, and practical aspects. The new edition adds depth to the discussion of international relations theory and features new case material on Brexit, the Argentine sovereign debt, the Syrian war, the cholera epidemic in Haiti, and more.

International Organizations Kelly-Kate S. Pease, 2018-08-06 Drawing on mainstream and critical theoretical approaches, *International Organizations* offers a comprehensive examination of international organizations' political and structural role in world politics. This text details the types and activities of international organizations and provides students with the conceptual tools needed to evaluate their effectiveness. Surveying key issue areas from international and human security to trade and the environment, *International Organizations* looks at present and future possibilities for global governance from a broad range of perspectives. New to the Sixth Edition: Focused on the seismic shifts caused by the rise of national populism and the effects on the more liberal institutions of global governance. Fully revised throughout with a feature on the EU in the face of Brexit, the Greek financial crisis, and global migration. Adds a new section on the Arab League, expanded coverage of NGOs, and updates on the Paris Climate Accords. Overhauls the chapter on International Security, including expanded coverage of the UN's present and historical role. Includes a new chapter on Regional Security covering NATO and ECOWAS. Provides new case studies on Syria, Ukraine, SDGs, and the global migration crisis, among several others.

The Oxford Handbook of International Organizations Jacob Katz Cogan, Ian Hurd, Ian

Johnstone,2016-11-24 Virtually every important question of public policy today involves an international organization From trade to intellectual property to health policy and beyond governments interact with international organizations in almost everything they do Increasingly individual citizens are directly affected by the work of international organizations Aimed at academics students practitioners and lawyers this book gives a comprehensive overview of the world of international organizations today It emphasizes both the practical aspects of their organization and operation and the conceptual issues that arise at the junctures between nation states and international authority and between law and politics While the focus is on inter governmental organizations the book also encompasses non governmental organizations and public policy networks With essays by the leading scholars and practitioners the book first considers the main international organizations and the kinds of problems they address This includes chapters on the organizations that relate to trade humanitarian aid peace operations and more as well as chapters on the history of international organizations The book then looks at the constituent parts and internal functioning of international organizations This addresses the internal management of the organization and includes chapters on the distribution of decision making power within the organizations the structure of their assemblies the role of Secretaries General and other heads budgets and finance and other elements of complex bureaucracies at the international level This book is essential reading for scholars practitioners and students alike

Why International Organizations Hate Politics Marieke Louis, Lucile Maertens, 2021-04-05 Building on the concept of depoliticization this book provides a first systematic analysis of International Organizations IO apolitical claims It shows that depoliticization sustains IO everyday activities while allowing them to remain engaged in politics even when they pretend not to Delving into the inner dynamics of global governance this book develops an analytical framework on why IOs hate politics by bringing together practices and logics of depoliticization in a wide variety of historical geographic and organizational contexts With multiple case studies in the fields of labor rights and economic regulation environmental protection development and humanitarian aid peacekeeping among others this book shows that depoliticization is enacted in a series of overlapping sometimes mundane practices resulting from the complex interaction between professional habits organizational cultures and individual tactics By approaching the consequences of these practices in terms of logics the book addresses the instrumental dimension of depoliticization without assuming that IO actors necessarily intend to depoliticize their action or global problems For IO scholars and students this book sheds new light on IO politics by clarifying one often taken for granted dimension of their everyday activities precisely that of depoliticization It will also be of interest to other researchers working in the fields of political science international relations international political sociology international political economy international public administration history law sociology anthropology and geography as well as IO practitioners

Emergency Powers of International Organizations Christian Kreuder-Sonnen, 2019-11-21 *Emergency Powers of International Organizations* explores emergency politics of international organizations IOs It studies cases in which based on justifications of exceptional

necessity IOs expand their authority increase executive discretion and interfere with the rights of their rule addressees This IO exceptionalism is observable in crisis responses of a diverse set of institutions including the United Nations Security Council the European Union and the World Health Organization Through six in depth case studies the book analyzes the institutional dynamics unfolding in the wake of the assumption of emergency powers by IOs Sometimes the exceptional competencies become normalized in the IOs authority structures the ratchet effect In other cases IO emergency powers provoke a backlash that eventually reverses or contains the expansions of authority the rollback effect To explain these variable outcomes this book draws on sociological institutionalism to develop a proportionality theory of IO emergency powers It contends that ratchets and rollbacks are a function of actors ability to justify or contest emergency powers as disproportionate The claim that the distribution of rhetorical power is decisive for the institutional outcome is tested against alternative rational institutionalist explanations that focus on institutional design and the distribution of institutional power among states The proportionality theory holds across the cases studied in this book and clearly outcompetes the alternative accounts Against the background of the empirical analysis the book moreover provides a critical normative reflection on the anti constitutional effects of IO exceptionalism and highlights a potential connection between authoritarian traits in global governance and the system s current legitimacy crisis *Routledge Handbook of Global Environmental Politics* Paul G. Harris, 2022-03-24 This handbook brings together leading international academic experts to provide a comprehensive and authoritative survey of global environmental politics Fully revised updated and expanded to 45 chapters the book Describes the history of global environmental politics as a discipline and explains the various theories and perspectives used by scholars and students to understand it Examines the key actors and institutions in global environmental politics explaining the roles of states international organizations regimes international law foreign policy institutions domestic politics corporations and transnational actors Addresses the ideas and themes shaping the practice and study of global environmental politics including sustainability consumption expertise uncertainty security diplomacy North South relations globalization justice ethics public participation and citizenship Assesses the key issues and policies within global environmental politics including energy climate change ozone depletion air pollution acid rain transport persistent organic pollutants hazardous wastes rivers wetlands oceans fisheries marine mammals biodiversity migratory species natural heritage forests desertification food and agriculture This second edition includes new chapters on plastics climate change energy earth system governance and the Anthropocene It is an invaluable resource for students scholars researchers and practitioners of environmental politics environmental studies environmental science geography globalization international relations and political science Chapter 19 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

Handbook of Public Policy Evaluation Frédéric Varone, Steve Jacob, Pirmin Bundi, 2023-10-06 This comprehensive

Handbook examines public policy evaluation in democracies Focusing on the political dimension of the evaluation process it argues that policy evaluation can be an emancipatory tool reducing social inequalities and exclusion and offers novel suggestions on how evaluations can be used to improve democratic policymaking

How to Do Things with International Law Ian Hurd, 2017-10-17 A provocative reassessment of the rule of law in world politics Conventionally understood as a set of limits on state behavior the rule of law in world politics is widely assumed to serve as a progressive contribution to a just stable and predictable world In *How to Do Things with International Law* Ian Hurd challenges this received wisdom Bringing the study of law and legality together with power politics and legitimation he illustrates the complex politics of the international rule of law Hurd draws on a series of timely case studies involving recent legal arguments over war torture and drones to demonstrate that international law not only domesticates state power but also serves as a permissive and even empowering source of legitimation for state action including violence and torture Rather than a civilizing force that holds the promise of universal peace international law is a deeply politicized set of practices driven by the pursuit of particular interests and desires The disputes so common in world politics over what law permits and what it forbids are therefore fights over the legitimating effect of legality A reconsideration of the rule of law in world politics and its relationship to state power *How to Do Things with International Law* examines how and why governments use and manipulate international law in foreign policy

International Organizational Anarchy David Arellano Gault, Laura Zamudio-González, 2025-03-10

An Introduction to International Organizations Law Jan Klabbbers, 2022-03-10 The fourth edition of this market leading textbook offers students a clear framework for understanding the practice and logic of International Organizations Law It is structured around the three defining relationships IOs engage in namely with their member states with their organs and staff and with the outside world These different dynamics give rise to different concerns which each help to explain the logic behind international institutional law The text also discusses the essential topics of the law of IOs including powers and finances privileges and immunities institutional structures and accountability By demonstrating how the theory works in practice with recent examples students will observe the impact and significance of International Organizations Law Updated with the latest case law and literature this new edition also contains discussions of the withdrawal of Israel and the US from UNESCO Brexit and the Covid 19 pandemic and how these affect the law of international organizations

Research Handbook on the Law of International Organizations Jan Klabbbers, Asa Wallendahl, 2011-05 This pioneering Research Handbook with contributions from renowned experts provides an overview of the general doctrines making up the law of international organizations The approach of this book is taken from a novel perspective that of the tension between functionalism and constitutionalism In doing so this Handbook presents not only practically relevant information but also provides a tool for understanding the ways in which international organizations work It has separate chapters on specific constitutional topics and on two specific organizations the EU and the UN Research

Handbook on the Law of international Organizations will be of particular interest to academics and graduate students in the fields of international law international politics and international relations *International Practices* Emanuel Adler, Vincent Pouliot, 2011-08-25 It is in and through practices deeds that embody shared intersubjective knowledge that social life is organized that subjectivities are constituted and that history unfolds One can think of dozens of different practices from balancing to banking or networking which constitute the social fabric of world politics This book brings together leading scholars in fields from international law and humanitarianism to nuclear deterrence and the UN to provide effective new tools to understand a range of pressing issues of the era of globalization As an entry point to the study of world politics the concept of practice accommodates a variety of perspectives in a coherent yet flexible fashion and opens the door to much needed interdisciplinary research in international relations *International Practices* crystallizes the authors past research on international practices into a common effort to turn the study of practice into a novel research program in international relations National Government, Law and Practice Ford Poulton Hall, 1947 *The American Journal of International Law*, 1914 Vols for 1970 73 include American Society of International Law Proceedings no 64 67 **Sovereign (in)equality in International Organizations** Athena Efrain, 2000 A Voting by majority *International Law* Charles Ghequiere Fenwick, 1924 The author presents fundamental principles of international law and the leading features of its practice The development of international law and the application of its general principles to concrete situations are discussed This early twentieth century interwar publication also explores laws of war and neutrality **Guide to International Legal Research**, 2006

International Organizations Politics Law Practice Introduction

In the digital age, access to information has become easier than ever before. The ability to download International Organizations Politics Law Practice has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download International Organizations Politics Law Practice has opened up a world of possibilities. Downloading International Organizations Politics Law Practice provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading International Organizations Politics Law Practice has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download International Organizations Politics Law Practice. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading International Organizations Politics Law Practice. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading International Organizations Politics Law Practice, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To

protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download International Organizations Politics Law Practice has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About International Organizations Politics Law Practice Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. International Organizations Politics Law Practice is one of the best book in our library for free trial. We provide copy of International Organizations Politics Law Practice in digital format, so the resources that you find are reliable. There are also many Ebooks of related with International Organizations Politics Law Practice. Where to download International Organizations Politics Law Practice online for free? Are you looking for International Organizations Politics Law Practice PDF? This is definitely going to save you time and cash in something you should think about.
