Nicolescu,Ciprian Nicolescu,2021-12-24 The main objective of this book is to provide an innovative set of concepts and tools  
regarding company management internal and external stakeholders and social responsibilities reflecting the necessities and  
opportunities generated by the digital transformation the transition to a knowledge based economy and the COVID 19 crisis  
The book based on a holistic vision and contextual approach of business contributes to the development of company  
management and stakeholder and social responsibility theories and practices being structured in 12 chapters The original  
company management vision approaches and tools are based on three pillars a new manager relevant stakeholder rather  
than manager subordinate managerial paradigm a new type of company social responsibility rather than corporate social  
responsibility and a new concept of company relevant stakeholder rather than that of salient stakeholders The book contains  
two innovative managerial mechanisms the managerial synapse and company relevant stakeholders based management  
system able to help companies and stakeholders face successfully the challenges of digital transformation and the COVID 19  
crisis and to generate greater organization functionality and performance The book will be of interest to company managers
