Henderson, 1998 This text is a distinctly post Cold War learning tool that will help make sense of the rapid changes now taking place in international relations The author's goal is to contribute to an understanding of a world more willing to abide by rules and norms especially as expressed in international law and a world shifting to an emphasis on the soft power of economic influence rather than relying on the hard power of military force While this text is cautiously optimistic about humankind's future as we enter the 21st century it warns about continuing turbulence caused by terrorism rogue states intense trade competition ethnic conflict and the antagonism between rich and poor states The chapters are tied together with an overarching theme that argues the world is moving from an international anarchy based on fear and military power to the early stages of an international society comprised of multiple actors cooperating to solve problems they handle on their own **The International Political Economy and International Institutions** Oran R. Young, 1996 **Political Realism, Freud, and Human Nature in International Relations** Robert Schuett, 2010-05-15 In the tradition of political realism this book provides an important reappraisal of the concept of human nature in contemporary realist international political theory With special reference to the anthropology of Sigmund Freud a consequential yet terribly neglected and

underestimated thinker in International Relations Schuett demonstrates that analytical and normative theorizing of all international political reality its nature tragedies and potentialities requires a sophisticated theory of human nature Developing a Freudian philosophical anthropology for political realism he argues for the careful resurrection of the concept of human nature in the wider study of international relations

International Relations and World Politics Paul R. Viotti, 2008-10-10

International Relations and World Politics introduces the issues in an organized and comprehensible way examining them in relation to two trends three broad organizing themes or concepts key actors and three basic images or perspectives that provide structure for the pages that follow Two trends increasing globalization and crises of authority that characterize international relations and world politics Key organizing themes or concepts in particular security economy and identity that structure the three major sections of the book Key actors states international organizations and transnational organizations and movements such as nongovernmental organizations multinational corporations and terrorist groups Three basic images or perspectives on world politics realism liberalism or pluralism as it is frequently called and global economic structuralism which includes Marxism world systems and dependency theory supplemented by references to other theoretical and conceptual understandings mentioned below Paul R Viotti and Mark V Kauppi wrote this book because they believe it is possible and essential to improve a student s conceptual and theoretical thinking about international relations If one does not think conceptually a course in world politics threatens to become little more than current events Hence they structured the book in such a way that key concepts themes and trends are utilized throughout the discussion of various topics

International Politics Kalevi Jaakko Holsti, 1983 This book provides an integrated framework for analysis of international politics by linking various approaches of study into a coherent whole It provides a coherent framework for analysis to a field characterized by a growing number of theories and perspectives It uses current events as examples to illustrate broader generalizations There are examples from a variety of geographical contexts not just the U S and Europe The book provides historical comparisons i e compares the breakdown of the bipolar Cold War System to similar trends that took place in Ancient Greece There are extensive bibliographies including non U S sources to provide a helpful tool to students writing essays Material includes 5 different models of international politics and adds end of chapter Questions for Discussion and Analysis There are also discussions on international collaboration to manage environmental problems ethics and foreign policy international political economy Uruguay Round the new protectionism the European Union
