A Thematic Analysis of the Intertextual References to Transcendentalism in Jon Krakauer's "Into the Wild" and their Role in the Portrayal of Christopher McCandless Claudine Callaghan, 2018-02-02 Seminar paper from the year 2017 in the subject Literature General University of Limerick language English abstract This thesis aims to critically analyze the intertextual references in the book Into the Wild by Jon Krakauer to the transcendentalist movement which occurred in 19th century America The thesis will develop a thematic analysis of the differences and similarities between Transcendentalist literary icons such as Henry David Thoreau and Ralph Waldo Emerson

and Christopher McCandless the book's protagonist. It will explore various themes from the transcendentalist doctrine and identify areas where Krakauer applies Thoreau's ideas and principles in an effort to characterize McCandless in the narrative. The result of Krakauer's formulated parallels between the transcendentalists and McCandless has created a long-standing polarisation amongst readers where some accuse Krakauer of using Thoreau and Emerson to create a highly romanticized and idealized portrayal of McCandless and criticize him for not representing McCandless' death as foolish and senseless. Others seem to think that the analogies drawn are justified because they accentuate McCandless' transcendentalist qualities and provide an accurate depiction of his moral nature and idealism. Each chapter of the thesis will encompass a specific concept or theme belonging to Transcendentalism and explore Krakauer's intertextual use of the movement with the aim of exposing both sides of the argument. It will also establish how these references have shaped the reader's perception of the protagonist and how intertextuality in *Into the Wild* has contributed to the cult phenomenon surrounding Christopher McCandless. In a broad sense, the term intertextuality can be defined as the study of a presence of a text within another text and it is most often employed in literary analysis. It describes the intricate relationship and interconnectedness which exists between works of literature with the general assumption that texts gain their meaning through evocation of other texts. The concept was developed in the late 1960s by poststructuralist Julia Kristeva who states that a text is a permutation of texts; an intertextuality in the space of a given text in which several utterances taken from other texts intersect and neutralize one another. Essentially, all texts contain traces of other texts. Intertextuality is the concept of texts using ideological concepts, themes, stylistic technique or even just certain words and phrases borrowed from another text.

Sojourn W. Vance
Grace, 2013-05-02. Increasing numbers of people in our culture, particularly middle-aged men, are finding that the things they worked for over the past two decades are simply not providing the fulfillment they originally expected from them. We are coming to realize that our homes, vehicles, jobs, and possessions are not sufficient to stave off the crisis of meaning many of us find when life does not meet our expectations. Sojourn reminds us that life is often messy, complex, and full of fear, just as it should be. Learning from the few wild places still available to us in our culture can provide us with the realization that a weighty life is a life on its way to an important integration of body, soul, heart, and spirit.

Hunger for the Wild Michael L. Johnson, 2007. Americans have had an enduring yet ambivalent obsession with the West as both a place and a state of mind. Michael L. Johnson considers how that obsession originated, how it has determined attitudes toward and activities in the West, and how it has changed over the centuries.

Summary of Into the Wild by Jon Krakauer Abbey Beathan, 2019-06-10. *Into the Wild* by Jon Krakauer. Book Summary. Disclaimer: This is NOT the original book. The brave quest of Christopher McCandless that ultimately led to his death. It was 1992 and a young man decided to invent a new life for himself in the boldest way possible. He gave his savings to charity, abandoned his car, and the vast majority of his possessions, and last but not least, burned all the cash in his wallet. And now a man with no worldly possessions braced himself and went

into a vision quest with no map no cash no car How did this journey turn out for him And what can we learn from his initiative Note This summary is wholly written and published by Abbey Beathan It is not affiliated with the original author in any way I read somewhere how important it is in life not necessarily to be strong but to feel strong to measure yourself at least once Jon Krakauer The protagonist wanted a start over a fresh start where even his name would be different And in order to fulfill that desire and to live in an unfiltered way the experiences that nature presented he got rid of every bit of technology or cash he had in hand and decided to roam the world Sadly four months after his journey began his decomposed body was found by a party of moose hunters However the ending is not what makes it unforgettable but the events that led up to it and in Into the Wild you'll read about the entire story Witness the story of McCandless and his unique journey where nature was his only friend P S Into the Wild is a fascinating story that tells us all about McCandless vision quest P P S It was Albert Einstein who famously said that once you stop learning you start dying It was Bill Gates who said that he would want the ability to read faster if he could only have one superpower in this world Abbey Beathan's mission is to bring across amazing golden nuggets in amazing books through our summaries Our vision is to make reading non fiction fun dynamic and captivating Ready To Be A Part Of Our Vision Mission Scroll Up Now and Click on the Buy now with 1 Click Button to Get Your Copy Why Abbey Beathan's Summaries How Can Abbey Beathan Serve You Amazing Refresher if you've read the original book before Priceless Checklist in case you missed out any crucial lessons details Perfect Choice if you're interested in the original book but never read it before Disclaimer Once Again This book is meant for a great companionship of the original book or to simply get the gist of the original book One of the greatest and most powerful gift in life is the gift of knowledge The way of success is the way of continuous pursuit of knowledge Abbey Beathan Weaving Words into Worlds Caroline Durand-Rous, Margot Lauwers, 2023-10-10 Weaving Words into Worlds comes as the third spinoff of the international ecopoetics conference organized in Perpignan in 2016 Reflecting upon how the many stories we tell directly influence the world we live in each of the contributions in this international volume directs our attention to the constant ecopoetic weaving of word to the world at work via the many entanglements between mind matter and meaning whether on a local or a global scale It encapsulates how the words stories and concepts we humans articulate as we try to make sense of the world we inhabit give part of its shape to the web of ecological relations that we depend on for survival It seeks to cast light on the disenchanting and reenchancing powers of stories and poesis in general as stories retain the power to make us either become oblivious to and destroy or to feel and honor the many complex ties between the multitudinous nature cultures intertwined within the fabric of a multispecies world always in the making This book offers a total of fourteen articles written by international scholars in ecocriticism and ecopoetics who by their analyses of literature and or films and the political subtext they thus render visible aim at showing how the study of environmentally minded media may renew our attention to the entangled agencies of the human and the more than human realm Thus this work offers to counter a reproach

ecocriticism has often been met with namely the over presence of US scholars and the lack of diversity in subjects in the field since the articles presented provide a wide variety of approaches and topics with examples of UK and Native American literature Polynesian myth graphic novels or haiku In doing so the book expands on the fields of ecocriticism and ecopoetics adding to this branch of study and enriching it with high quality academic studies *Wild/lives* Terrie Waddell, 2014-02-25

In today's fleeting globalized world people more than ever seem to feel at odds with themselves They escape wherever and whenever they can from the workplace from the mundane duties of everyday existence from social pressure and expectations from each other Escape from reality is not a new concept for mankind's innate dissatisfaction with existence as Evans calls it is probably almost as old as existence itself In the 21st century however the possibilities of retreat are endless and pervade every aspect of life Digital entertainment has become abundant and ironically almost inescapable while mass media carries the viewer off to exotic places without him even having to leave the house Amidst this virtual world the modern wanderlust has found its place Entire legions of travelers move on to remote places in search of relaxation diversion and the solution to their unfulfilled yearnings for utopian landscapes In his essay *The Rationality of Escapism and Self Deception* Longeway defines escapism as the attempt to avoid awareness of aversive beliefs He goes on to say that Escapist entertainment's essential purpose is to draw us away from our everyday troubles and sometimes to help us to fantasize ourselves as better more important and better off than we really are Indulgence in such entertainment helps us avoid temporarily unpleasant truths that we must live with and it is this escape from unpleasant reality that gives us the terms escapist and escapism The notion of escapism evokes a whole chain of terms and concepts directly connected to it repression distraction travel leisure self discovery and of course places imagined or real to whom the individual wishes to

escape to In this paper I want to analyze three books on escapism and the various ways in which it presents itself in them My focus will be on Alex Garland s backpacker cult novel *The Beach* and William Sutcliffe s debunking of the gap year traveler in *Are You Experienced* as well as Jon Krakauer s non fiction book *Into The Wild* The first two belong to backpacker fiction a genre that emerged particularly forcefully at the turn of the 21st century The authors of these narratives employ satire in order to debunk the escapism and self fashioning of a demographic of young urban Anglophone travelers who exert traveling mostly as a staged interest for other cultures while in truth they seek self fulfillment and self gratification
