

Business Case for My Fashion Neckties

Problem The fashion industry has experienced a serious shortage of new designs and styles, leading to a decline in sales. This is due to the fact that the industry has become increasingly conservative in its design choices, leading to a lack of innovation and a decline in the quality of the products. This has led to a decline in the industry's profitability and a loss of market share to other industries.

Investigation

in 20

The first step in the investigation was to identify the causes of the problem. This was done by conducting a series of interviews with industry experts and by analyzing the market data. The results of the investigation showed that the main causes of the problem were the lack of innovation and the decline in the quality of the products. This was due to the fact that the industry has become increasingly conservative in its design choices, leading to a lack of innovation and a decline in the quality of the products.

The second step in the investigation was to identify the potential solutions to the problem. This was done by conducting a series of interviews with industry experts and by analyzing the market data. The results of the investigation showed that the main solutions to the problem were to increase innovation and to improve the quality of the products. This could be done by encouraging designers to experiment with new designs and by improving the quality of the materials used in the products.
