

The background of the cover is a complex molecular structure. It features a large, flat, hexagonal lattice of blue spheres (carbon) on the right side, which appears to be a fragment of a graphite or graphene sheet. To the left and in the foreground, there are several smaller, more complex molecular structures. These include chains of purple spheres (likely nitrogen or phosphorus) and clusters of grey (carbon), red (oxygen), and white (hydrogen) spheres. The overall color scheme is dominated by blue, with accents of purple, red, and grey.
