Free From Corporate America - A Tactical Guide to Success On Your Own Terms Jon Reed, 2009-03-21 Today's workers are free agents who sink or swim on their own. So what are you going to do about it? Get Free from Corporate America. Jon wrote this book for people like himself: those who want to succeed but on their own terms. The best way to take control of your future is to adopt an entrepreneurial approach to your career. This does not necessarily mean starting your own business. It does mean developing skills and assets that will improve your position. Free from Corporate America puts business ideas to the ultimate test: will they pay the rent? It's not easy to claim a better life while facing the real world limitations of time and budget. But if you're tired of get-rich-quick happy talk and need a better way forward, Free from Corporate America is your kind of book. United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 6, **Think Big!** Rosemary Ludt, 2020-07-01 Think Big: A Resource Manual for Library Programs That Attract Large Teen Audiences is a how-to manual for librarians who want to attract large groups of teens to their libraries with meaningful memorable events. Large programs may seem to be impossible to attempt until the project is broken down into the separate parts needed. Think Big begins with those separate parts necessary to create a large event: starting with the logistics of time and place, the budget and how to find funding, making a timeline to make everything fall into place, communication among all of the people involved, marketing to the teen audience, troubleshooting with thorough preparation and the importance of evaluations for reporting and for future planning. Part 2 is a collection of best practices. Seventeen successful large programs are included, contributed by librarians who have dared to think big and made it work. Included are the book and author programs in school and public libraries. There are also creative programs about poetry and dance, STEM activities, pop culture and school and work. Every section has two to four programs. Each program explains how the program began and evolved to the event it is today. A timeline, how the program was financed, who assisted to make every step successful, how the program was publicized and how evaluations were collected and written are provided in detail to empower a librarian to tackle their first time big program. **Willing's Press Guide**, 2004 Coverage of publications outside the UK and in non-English languages expands steadily until in 1991 it occupies enough of the Guide to require publication in parts. *Adweek*, 2010 *The Shatzkin Files* Mike Shatzkin, *Mediaweek*, 2010 Hearst's International, 1914 **Brandweek**, 2010 Willing's Press Guide and Advertisers' Directory and Handbook, 2002 **Be Advanced Topics** Be Development Team, 1998 What chance is there for a new desktop operating system to succeed in these days of Microsoft dominance?
