Transforming School Leadership and Management to Support Student Learning and Development Edward T. Joyner, 2004-05-12 Meets the highest standard of evidence for comprehensive school reforms that improve student achievement Review of Educational Research 2003 A unique feature of James Comer's school improvement is the comprehensiveness of his ecological approach It necessarily involves all of the key players in each individual school setting and provides guidelines for their interaction The domain of educational change is not without good ideas but it is rare to find them translated into the substance and strategies necessary to getting them into school practices This handbook will help enormously to keep alive what James Comer and his colleagues have so carefully crafted over the years John I Goodlad President Institute for Educational Inquiry The tried tested and true approach to school leadership using consensus collaboration and no fault problem solving For more than 35 years the Yale School Development Program SDP has been pioneering the Comer Process for planned change in schools From initial planning and preparation through foundation building transformation institutionalization and renewal the Comer Process provides school leaders with a comprehensive

and effective framework for transforming their schools and districts into learning communities that support the growth and development of every child and every adult Combining research evidence based best practices essential tools for planning data analysis assessment and program evaluation and a generous collection of sample letters sample presentations charts tables and graphics Transforming School Leadership and Management to Support Student Learning and Development offers educators a state of the art guide to Identifying the problems the school wants to solve through reform efforts Designing a comprehensive school plan that includes assessment modification and staff development Using facilitators to model excellence and to promote team approaches Using teams for school planning and management student and staff support and promoting parent family involvement and community investment in schools Training for teaming skills that support and develop consensus decision making Implementing and sustaining the school s transformation into an effective and efficient operating system that supports student and staff growth and development Transforming School Leadership and Management to Support Student Learning and Development is sure to be the essential resource for every school leader charged with creating schools districts and communities that foster the healthy development of young people and challenge them to the highest academic standards

Effective Coaching, and the Fallacy of Sustainable Change Arun Kohli, 2016-09-09 This book presents an evidence based discussion of two critical areas that are gaining importance in the business world and personal development alike namely coaching and being a coach Does coaching work If so then for whom does it add value and what is it really all about Today just about everybody in personal services seems to have become a coach Is it just another modern expression or a buzzword for something that other disciplines were already providing This book seeks to arrive at clear answers to these questions providing a thought provoking and insightful narrative that is likely to leave behind a lasting impact on the industry and its potential clients
