Basque Politics A Case Study In Ethnic Nationalism:

Basque Politics William A. Douglass, 1985 **Identity, Culture, And Politics In The Basque Diaspora** Gloria Pilar Totoricagüena, 2015-03-20 Gloria P Totoricagüena presents a thorough comparative examination of the remarkable endurance of Basque identity and culture in six countries of the far flung Basque diaspora Using the results of interviews and extensive anonymous surveys with more than eight hundred informants in the diaspora plus extensive research in archives and printed sources in all six of her study countries Totoricagüena reveals for the first time the complex and interrelated universe of these dispersed Basques She explores the elements of their migration patterns and the institutions that have encouraged identity maintenance the impacts on established communities of each new wave of immigrants and the nature of economic and political ties with the homeland Totoricagüena offers a superb quantitative study of an aspect of Basque culture that has been largely ignored by scholars the diaspora In doing so she enlarges the understanding of cultural identity in general how it is defined and preserved how it evolves over time and how both the politics of distant places and the most intimate family habits can shape an individual's sense of self Identity Culture and Politics in the Basque Diaspora is a major contribution to the knowledge of Basques and their persistent political and cultural traditions Politics, Culture, and Sociability in the Basque Nationalist Party Roland Vazquez, 2010-11-28 Until now social scientists studying Spanish politics have focused on party systems regime transition and election analysis and anthropologists studying Spain have largely neglected its political parties This book is a pathbreaking work of political anthropology and an ethnographic study of the Basque Nationalist Party PNV Author Roland Vazquez studies Basque nationalism as not merely a political phenomenon but as a cultural and social one as well He examines the forces that have shaped the Basque political panorama the nature of Basque political campaigns Basque cultural and social movements both inside and outside the explicitly partisan milieu and the role of other parties in the Basque Country The study is enhanced by extensive interviews and broad fieldwork among Basque contacts of diverse backgrounds and loyalties The result is a vivid portrait of political life in the contemporary Basque Country of the tensions between various nationalist parties and philosophies and of the way politics are influenced by Basque notions of community social connections and national identity The book also serves as a model for studies of other political and nationalist movements and the cultural and social ties and values that drive them **Cultural Autonomy, Minority Rights and Globalization** Steven C. Roach, 2017-11-28 This insightful and timely book analyzes the role of cultural autonomy in advancing minority rights protection on the national and global level It assesses the historical and legal limits of the right to self determination and autonomy and draws on Marxist internationalism liberal nationalism and EU integrationist studies to examine the relationship between cultural autonomy and globalization As such emphasis is placed on the sociological and historical value of cultural autonomy with the aim of working beyond formalistic and utilitarian approaches to cultural autonomy The volume will appeal primarily to upper level undergraduate and graduate level students of political science and

international law interested in rethinking the role of cultural autonomy in an age of globalization **Basque Nationalism and Political Violence** Cameron Watson, 2007 **Education and Cultural Differences** Douglas Ray, Deo Poonwassie, 2017-04-28 First published in 1992 this book looks at the interaction between ideals and reality with the focus upon social inequality and education in modern society as well as the possibilities for education to lessen the related problems The essays in this volume examine three forms of inequality in global society aboriginal societies in modern industrial states long established communities that have been denied full status and differences arising from recent population migrations In doing so it considers how education might support the efforts of all members of society to pursue the goal of equal status for all **The Sacred in Twentieth-Century Politics** R. Griffin, R. Mallett, J. Tortorice, 2008-11-05 The emerging shape of the post Cold War world provides evidence that rather than diminishing the profound intersection of political ideology and religious forms of belief is an ever more potent force in world affairs This volume offers both theoretic underpinnings and a comparative analysis that elucidates this potent and dangerous phenomenon Historical Dictionary of Spain Angel Smith, 2009-01-02 The second edition of the Historical Dictionary of Spain is an unrivalled reference guide to Spanish history and politics from the Middle Ages to the present With its chronology introductory essay and over seven hundred dictionary entries on major Spanish organizations including political parties trade unions and state bodies the various regions and languages which comprise Spain including Catalonia and the Basque Country and major figures in Spanish culture and the arts the Historical Dictionary of Spain allows readers to easily follow the major changes Spain has undergone **Basque Politics and Nationalism on the Eve of the Millennium** William A. Douglass, 1999 In the summer of 1998 the University of Nevada Reno hosted an international symposium entitled Basques in the Contemporary World Migration Identity and Globalization attended by nearly eighty scholars Selected papers from the symposium are now available in three volumes published in the Occasional Papers Series of the Basque Studies Program at the University of Nevada Reno These eleven essays focus on Basque nationalism and institutions in the European Union in an increasingly globalized world the image of Basques in the international media depictions of ETA in the Spanish press and cinema the status of Navarre and the French Basque country within or without Basque nationalism and the articulation of a Basque foreign policy through the Basque Government's diaspora policy **The Basques, the Catalans, and Spain** Daniele Conversi, 1997 This work provides an introduction to Basque and Catalan nationalism The two movements have much in common but have differed in the strategies adopted to further their cause Basque nationalism in the shape of the military wing of ETA took the path of violence spawning an efficient terrorist campaign while Catalan nationalism is more accommodating and peaceful Conversi examines and compares the history motives and methods of these two movements considering the influence of such aspects of nationalist mobilization as the choice of language race and descent the consequences of large scale immigration and the causes and effects of social violence *Conference on Sociology of*

Nationalism, 1988 William A. Douglass, Mr. Basque Miel Anjel Elustondo, 2012 For Basques around the world Mr Basque is the public face of the University of Nevada Reno's Basque Studies Program which a president of the Basque Country described as a candle in the night for the Basques during the long years of the Franco dictatorship for the Basques of the American West and indeed the Americas he is the author who brought their experience to the light of day in his acclaimed book *Amerikanuak* Basques in the New World for Nevadans he is a lifelong resident a shrewd casino operator and a member of a true Nevada pioneering family and for his fellow anglers and sportsmen he is a steady companion on adventures around the world Through these pages the result of more than ten years of interviews between the author Miel Elustondo and William A Douglass Bill the reader experiences a candid and vivid portrait of life spent in constant motion searching for lizards in the high desert as a boy starting a family on a shoestring establishing a reputation in academia participating in brokering the end of violence in the Basque Country and much much more **Essays in Basque Social Anthropology and History** William A. Douglass, 1989 This book contains fourteen essays by noted scholars in the fields of Basque anthropology history folklore and immigration studies JCAS Symposium Series, 1999 Regionalism and Immigration in the Context of European Integration Takashi Miyajima, Takamichi Kajita, Mutsuo Yamada, 1999 **Colección Urazandi: The Basques of New York: a cosmopolitan experience**, 2003 3 DVDs issued in vol 0 Documentos contain the following source documents Revista euskaro americana La baskonia 1893 19430 disc 1 1893 1920 disc 2 1921 1943 and Fondo documental de Alberto Azua 1921 1981 Delegado del gobierno vasco en México **The Basques of New York** Gloria Pilar Totoricaguena, 2003 **Books in Print**, 1987 State and Societal Reactions to Terrorism Fernando Reinares, Oñati International Institute for the Sociology of Law, 1997 **Encyclopedia of Modern Ethnic Conflicts** Joseph Russell Rudolph, 2003 Each of 38 ethnic conflicts is presented with a timeline and extensive essay covering the conflict's details historical background management and significance This book is the perfect starting point for students and general readers seeking information about the complex and often violent forces that have changed and continue to change the world's political landscape
