WP211 - Bastien Piano Basics Performance Level 1 Jane Bastien,1986 The Pianist's Bookshelf, Second Edition

Maurice Hinson,Wesley Roberts,2023-11-07 Originally published in 1997 The Pianist s Bookshelf was according to the Library Journal a unique and valuable tool Now rewritten for a modern audience this second edition expands into the 21st century A completely revised update The Pianist s Bookshelf Second Edition comes to the rescue of pianists overwhelmed by the abundance of books videos and other works about the piano In this clear easy to use reference book Maurice Hinson and Wesley Roberts survey hundreds of sources and provide concise practical annotations for each item thus saving the reader hours of precious research time In addition to the main listings of entries such as Chamber Music and Piano Duet the book has indexes of authors composers and performers A handy reference from the masters of piano bibliography The Pianist s Bookshelf Second Edition will be an invaluable resource to students teachers and musicians Open Access Musicology Louis Epstein,2020-10-30 In the fall of 2015 a collection of faculty at liberal arts colleges began a conversation about the challenges we faced as instructors Why were there so few course materials accessible to undergraduates and lay readers that reflected current scholarly debate How can we convey the relevance of studying music history to current and future generations of students And how might we represent and reflect the myriad often conflicting perspectives positions and identities that make up both music s history and the writers of history Here we offer one response to those questions Open Access Musicology is a collection of essays written in an accessible style and with a focus on modes of inquiry rather than content coverage Our authors draw from their experience as scholars but also as teachers They have been asked to describe why they became musicologists in the first place and how their individual paths led to the topics they explore and the questions they pose Like most scholarly literature the essays have all been reviewed by experts in the field Unlike all scholarly literature the essays have also been reviewed by students at a variety of institutions for clarity and relevance These essays are intended for undergraduates graduate students and interested readers without any particular expertise They can be incorporated into courses on a range of topics as standalone readings or used to supplement textbooks The topics introduce and explore a variety of subjects practices and methods but above all seek to stimulate classroom discussion on music history s relevance to performers listeners and citizens **The American Music Teacher** ,2005 **The**
