Become What You Alan Watts:

Become What You Are Alan Watts, 2024-07-16 Discover the path to your authentic self and embrace your true identity with these insightful teachings from celebrated author and spiritual luminary Alan Watts In this collection Watts displays the intelligence playfulness of thought and simplicity of language that has made him so perennially popular as an interpreter of Eastern thought for Westerners He draws on a variety of religious traditions and covers topics such as the challenge of seeing one's life just as it is the Taoist approach to harmonious living the limits of language in the face of ineffable spiritual truth and the psychological symbolism of Christian thought Throughout he shows how our true self is never to be found anywhere other than this very life and this very moment

In My Own Way Alan Watts, 2011-02-09 In this new edition of his acclaimed autobiography long out of print and rare until now Alan Watts tracks his spiritual and philosophical evolution A child of religious conservatives in rural England he went on to become a freewheeling spiritual teacher who challenged Westerners to defy convention and think for themselves Watts's portrait of himself shows that he was a philosophical renegade from early on in his intellectual life Self taught in many areas he came to Buddhism through the teachings of Christmas Humphreys and D T Suzuki Told in a nonlinear style In My Own Way combines Watts's brand of unconventional philosophy with wry observations on Western culture and often hilarious accounts of gurus celebrities and psychedelic drug experiences A charming foreword by Watts's father sets the tone of this warm funny and beautifully written story Watts encouraged readers to follow your own weird something he always did himself as this remarkable account of his life shows

Media,2022-06-13T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The Buddhist poem written several centuries ago tries to find words for an intuition that is common to almost every culture in the world It says that a man does not really begin to be alive until he has lost himself This is the universal discovery that a man does not really begin to live until he has lost his life 2 There is a vital contradiction in the idea of self renunciation and self acceptance People try to accept themselves in order to be different but they also try to surrender themselves in order to have more self respect in their own eyes 3 The idea of self renunciation is a form of what Buddhists call upaya or skillful means It is a teacher's method to awaken his student to some truth that can only be reached by a roundabout route The selfishness of the self thrives on the notion that it can command itself and its own processes 4 The state called death or self surrender is not a future condition to be acquired It is a present fact When we begin to think about this clearly we evoke very disturbing emotions which we would like to be able to control Our resistance to these emotions is as natural as the emotions themselves
