**An Introduction to Bibliometrics** Rafael Ball,2017-09-18 An Introduction to Bibliometrics New Development and Trends provides a comprehensible readable and easy to read introduction to bibliometrics Importantly the book surveys the latest developments of bibliometrics such as altmetrics etc and how the field is likely to change over the next decade In the literature bibliometrics is generally discussed from one of two perspectives 1 Purely mathematical statistical or 2 Its sociological implications Both approaches are very far from how most users want to apply bibliometrics This book fills that need by providing tactics on how bibliometrics can be applied to their sphere of scientific activity Provides readers with an understanding of bibliometric indicators including their background and significance classification in quantitative

performance and an evaluation of science and research Includes an overview of the most important indicators their areas of application and where and when they should and should not be used Discusses future trends in the quantitative performance evaluation of scientific research Die Tyrannei der Kennzahlen: Rezension zu "The Tyranny of Metrics" von Jerry Z.
