**Security+® Practice Tests** Mike Chapple, 2019-10-31. Ace the CompTIA Security exam with over 700 practice exam questions written using the style and format of the Security exam. Key Features: Get a detailed breakdown of the type of questions and the exam environment. Discover a step by step process that guides you through the study process week by week. Reinforce your learning by solving 100 questions for each domain. Book Description: Security certification is the most popular entry level certification for cybersecurity professionals. It has no work experience requirement making it accessible to everyone willing to put in the time to prepare for the exam. Security Practice Tests are the perfect tools to prepare for the CompTIA Security exam. The first six chapters each cover one of the six Security domains. Each of those chapters contains around 100 practice test questions covering the material from that domain. The last two chapters each contain a full length Security practice test that's designed to assess your readiness to take the actual test. At the end of each chapter you'll find the answers to all of the questions along with detailed explanations to help reinforce your learning of the material. By the end of the book you'll have enough practice to easily ace the CompTIA Security exam. What you will learn: Familiarize yourself with the format of the Security exam. Target your test preparation on each of the Security domains. Brush up on your understanding by testing yourself on realistic practice questions. Discover areas for improvement by comparing your responses to the answers provided. Measure your readiness with full length practice tests. Know what to expect on test day and learn helpful strategies for tackling the different question types. Who this book is for: This book is designed for service desk analysts, system support engineers and other IT professionals who want to start their career in managing the IT infrastructure of an

organization Basic knowledge of hardware software other relevant components of the IT industry will help you easily grasp the concepts explained in this book      **CompTIA Security+ Certification Bundle, Second Edition (Exam SY0-401)**
