## **Theorizing Feminisms Reader Elizabeth Hackett:**

**Theorizing Feminisms** Elizabeth Hackett, 2006 Providing a survey of approaches to theoretical issues raised by the quest for gender justice this text is for use in interdisciplinary feminist theory courses With an aim to provide an overview of feminist responses to including a critique of these questions its organising questions are What is sexist oppression What must be done about it *Pacifism, Politics, and Feminism*, 2019-04-09 Pacifism Politics and Feminism Intersections and Innovations discusses a how feminist analyses allow for and encourage the re conceptualization of concepts and ideas once thought familiar from traditional ethical and political philosophy and b traditional political topics and issues through pacifist and feminist lenses The chapters that focus on the former explore the possibility of queering such concepts as autonomy violence resistance peace religion and politics while the chapters that focus on the latter bring feminist and pacifist sensibilities and arguments to bear on classic political questions such as when and how violence and war are justified the appropriateness of various responses to climate change and the correct way to engage with such topics and themes in educational institutional settings Contributors are David Boersema Barrett Emerick Tamara Fakhoury Jane Hall Fitz Gibbon William C Gay Jennifer Kling John Lawless Megan Mitchell and Harry van der Linden *Understanding Feminism* Peta Bowden, Jane Mummary, 2014-12-05 Understanding Feminism provides an accessible guide to one of the most important and contested movements in progressive modern thought Presenting feminism as a dynamic multi faceted and adaptive movement that has evolved in response to the changing practical and theoretical problems faced by women the authors take a problem oriented approach that maps the complex strands of feminist thinking in relation to women s struggles for equal recognition and rights and freedom from oppressive constraints of sex self expression and autonomy Each chapter focuses on a different cluster of concerns demonstrating key moves in second wave feminist thought as well as some of the diversity in response strategies that encompass both socio economic and cultural symbolic concerns This approach not only shows how central feminist insights theories and strategies emerge and re emerge across different contexts but makes clear that far from being over feminism remains a vital response to the diverse issues that women and men find pressing and socially important Theorizing Feminisms: a Reader Elizabeth and Haslanger Hackett (Sally), 2013 *Confucian Ren and Feminist Ethics of Care* Lijun Yuan, 2019-05-28 The rehabilitation of Confucian tradition raised new challenges to Chinese feminist thinkers Can a Confucian ideal of reciprocity help women realize their equality What is the hope for Chinese women seeking a social ideal of equality given the growing gender gap in the current economic development of China Yuan argues Confucianism cannot help unless it is integrated with feminism In this book Yuan explores why gendered stratifications perpetuated so deeply in today s China through the influences of Confucian cultural tradition but reading early Confucian texts as a cosmological vision of Ren with Dao and ontological oneness as a whole that is the unity of heaven earth and humanism we might reclaim Confucian egalitarian aspects to develop its openness for gender equity with integration of

feminist critical care ethics Throughout the book Yuan provides multiple perspectives of comparison relational self vs power differentials gender roles differences vs political demand for equality and individual reciprocity vs connection based reciprocity etc to embrace inclusive methodology and caring democracy We see a great hope to break through stereotypes of binary thinking of Minben people oriented and Minzhu autonomous democracy gender division of labor reason and emotion etc Yuan argues we should integrate feminist critical thoughts of global justice care with early Confucianism since both traditions emphasize caring relationships in humanity and interdependency between social individuals within and beyond their communities in a global scale Importantly the integration enlarges our philosophical visions of how cultural traditions can be undeniable sources for strengthening contemporary social ideas of humanity democracy equality and freedom for all

**Empire of Sacrifice** Jon Pahl,2012-06 It is widely recognized that American culture is both exceptionally religious and exceptionally violent Americans participate in religious communities in high numbers yet American citizens also own guns at rates far beyond those of citizens in other industrialized nations Since 9 11 United States scholars have understandably discussed religious violence in terms of terrorist acts a focus that follows United States policy Yet according to Jon Pahl to identify religious violence only with terrorism fails to address the long history of American violence rooted in religion throughout the country s history In essence Americans have found ways to consider blessed some very brutal attitudes and behaviors both domestically and globally In *Empire of Sacrifice* Pahl explains how both of these distinctive features of American culture work together by exploring how constructions along the lines of age race and gender have operated to centralize cultural power across American civil or cultural religions in ways that don t always appear to be religious at all Pahl traces the development of these forms of systemic violence throughout American history using evidence from popular culture including movies such as *Rebel without a Cause* and *Reefer Madness* and works of literature such as *The Narrative of the Life of Frederick Douglass* and *The Handmaid s Tale* to illuminate historical events Throughout Pahl focuses an intense light on the complex and durable interactions between religion and violence in American history from Puritan Boston to George W Bush s Baghdad
