## **Basic Writings On Politics And Philosophy:**

*Basic writings on politics and philosophy. Ed. with an introd. by Lewis S. Feuer*, 1969      *Aesthetic Marx* Samir Gandesha, Johan F. Hartle, 2017-10-19 The whole of Marx's project confronts the narrow concerns of political philosophy by embedding it in social philosophy and a certain understanding of the aesthetic From those of aesthetic production to the poetry of the future as Marx writes in the Eighteenth Brumaire from the radical modernism of bourgeois development to the very idea of association which defined one of the main lines of tradition in the history of aesthetics steady references to Dante Shakespeare and Goethe and the idea that bourgeois politics is nothing but a theatrical stage the aesthetic has a prominent place in the constellation of Marx's thought This book offers an original and challenging study of both Marx in the aesthetic and the aesthetic in Marx It differs from previous discussions of Marxist aesthetic theory as it understands the works of Marx themselves as contributions to thinking the aesthetic This is an engagement with Marx's aesthetic that takes into account Marx's broader sense of the aesthetic as identified by Eagleton and Buck Morss as a question of sense perception and the body It explores this through questions of style and substance in Marx and extends it into contemporary questions of how this legacy can be perceived or directed analytically in the present By situating Marx in contemporary art debates this volume speaks directly to lively interest today in the function of the aesthetic in accounts of emancipatory politics and is essential reading for researchers and academics across the fields of political philosophy art theory and Marxist scholarship

**Foucault and Heidegger** Alan Milchman, Alan Rosenberg, 2003 An essential consideration of these two closely related and influential figures Michel Foucault and Martin Heidegger are two of the most important intellectual figures of the twentieth century and yet there are significant largely unexplored questions about the relationship between their projects Foucault and Heidegger stages a crucial critical encounter between these two thinkers in doing so it clarifies not only the complexities of the Heidegger Foucault relationship but also their relevance to questions about truth and nihilism acquiescence and resistance and technology and agency that are central to debates in contemporary thought These essays examine topics ranging from Heidegger's and Foucault's intellectual forebears to their respective understanding of the Enlightenment modernity and technology to their conceptions of power and the political

The Politics of Change and Leadership Development Alfred De Souza, 1978 Contributed articles      Whitaker's Books in Print, 1990      *The Negro Vote as a Political Resource* William R. Keech, 1966      The Christian Scholar, 1961      **The Publishers' Trade List Annual**, 1977      *The Student's Handbook to the University and Colleges of Cambridge*, 1965      *The Church and the Political Problem of Our Day* Karl Barth, 1939 A challenging statement of the case of the church against the Nazis by one of the foremost Protestant theologians in the world Dr Barth calls National Socialism the new Islam of which Hitler is the prophet

**Writing Politics** Michael J Shapiro, 2021-07-01 Writing Politics is a methods book designed to instruct on politically focused literary inquiry Exploring the political sensibilities that arise from the way literary fiction re-textualizes historical

periods and events the book features a series of violence themed inquiries that emphasize forms of writing as the vehicles for politically attuned historiography Each investigation treats the way the literary genre within historiographic metafiction enables political inquiry It s a form of writing that inter articulates history and fiction to rework a textual past and unsettle dominant understandings of events and situations Central to the diverse chapters are fictional treatments of authoritarian fascist or zealous mentalities Featured for example are Radovan Karadzic the architect of the Bosnian genocide Reinhard Heydrich the architect of the Holocaust s final solution and the Trotsky assassin Ramon Mercader Michael J Shapiro has produced another original and sophisticated bookshelf staple the only contemporary investigation in Political Studies that instructs on method in this way *The Ruse of Techne* Dimitris Vardoulakis,2024-09-03 The Ruse of Techne offers a reappraisal of Heidegger s entire work by focusing on the forms of activity he regards as separate from instrumentality Non instrumental activities like authenticity poetry and thinking in short the ineffectual are critical for Heidegger as they offer the only path to the truth of being throughout his work By unearthing the source of the conception of non instrumental action in Heidegger s reading of Aristotle Vardoulakis elaborates how it forms part of Heidegger s response to an old problem namely how to account for difference after positing a single and unified being that is not amenable to change He further demonstrates that an action without ends and effects leads to an ethics and politics rife with difficulties and contradictions that only become starker when compared to other responses to the same problem that we find in the philosophical tradition and which rely on instrumentality Heidegger s conception of an action without ends or effect forgets the role of instrumentality in the tradition that posits a single unified being And yet the ineffectual has had a profound influence in how continental philosophy determines the ethical and the political since World War II The critique of the ineffectual in Heidegger is thus effectively a critique of the conception of praxis in continental philosophy Vardoulakis proposes that it is urgent to undo the forgetting of instrumentality if we are to conceive of a democratic politics and an ethics fit to respond to the challenges of high capitalism Twenty Years of the Journal of Historical Sociology Yoke-Sum Wong,Derek Sayer,2008
