An Introduction to Discourse Analysis and Translation Studies Michela Canepari, 2014-05-15

The Ultimate Scene and Monologue Sourcebook, Updated and Expanded Edition Ed Hooks, 2007-10-16 All actors and acting teachers need *The Ultimate Scene and Monologue Sourcebook*, the invaluable guide to finding just the right piece for every audition. This remarkable book describes the characters' action and mood for more than 1,000 scenes in over 300 plays. This unique format is ideal for acting teachers who want their students to understand each monologue in context. Using these guidelines, the actor can quickly pinpoint the perfect monologue, then find the text in the Samuel French or Dramatist Play Service edition of the play. Newly revised and expanded, the book also includes the author's own assessment of each monologue.

Dynamic Acting through Active Analysis Sharon Marie Carnicke, 2022-12-15 In the 21st century, actors face radical changes in plays and performance styles as they move from stage to screen and grapple with new technologies that present their art to ever-expanding audiences. *Active Analysis* offers the flexibility of mind, body, and spirit now urgently needed in acting. *Dynamic Acting through Active Analysis* brings to light this timely legacy born during the worst era of Soviet repression and hidden for decades from public view. Part I unfolds like a mystery novel through letters, memoirs, and transcripts of Konstantin Stanislavsky's last classes. Far from the authoritarian director of his youth, he reveals himself as a generous mentor who empowers actors with a brand-new collaborative approach to rehearsals. His assistant Maria Knebel first bears witness to his forward-looking ideas and then builds the bridge to new plays in new styles through her directing and influential teaching. Part II follows a 21st-century company of diverse actors as they experience the joy of applying *Active Analysis* to their own creative and professional work.
