New Directions in Children's Gothic Anna Jackson,2017-03-27 Children s literature today is dominated by the gothic mode and it is in children s gothic fictions that we find the implications of cultural change most radically questioned and explored This collection of essays looks at what is happening in the children s Gothic now when traditional monsters have become the

heroes when new monsters have come into play when globalisation brings Harry Potter into China and yaoguai into the children's Gothic and when childhood itself and children's literature as a genre can no longer be thought of as an uncontested space apart from the debates and power struggles of an adult domain We look in detail at series such as The Mortal Instruments Twilight Chaos Walking The Power of Five Skulduggery Pleasant and Cirque du Freak at novels about witches and novels about changelings at the Gothic in China Japan and Oceania and at authors including Celia Rees Frances Hardinge Alan Garner and Laini Taylor amongst many others At a time when the energies and anxieties of children's novels can barely be contained anymore within the genre of children's literature spilling over into YA and adult literature we need to pay attention Weird things are happening and they matter
