Cutter,Cathy J. Schlund-Vials,2018-04-01 Redrawing the Historical Past examines how multiethnic graphic novels portray and revise U S history This is the first collection to focus exclusively on the interplay of history and memory in multiethnic graphic novels Such interplay enables a new understanding of the past The twelve essays explore Mat Johnson and Warren Pleece s Incognegro Gene Luen Yang s Boxers and Saints GB Tran s Vietnamera Scott McCloud s The New Adventures of Abraham Lincoln Art Spiegelman s post Maus work and G Neri and Randy DuBurke s Yummy The Last Days of a Southside Shorty among many others The collection represents an original body of criticism about recently published works that have received scant scholarly attention The chapters confront issues of history and memory in contemporary multiethnic graphic novels employing diverse methodologies and approaches while adhering to three main guidelines First using a global lens contributors reconsider the concept of history and how it is

manifest in their chosen texts Second contributors consider the ways in which graphic novels as a distinct genre can formally renovate or intervene in notions of the historical past Third contributors take seriously the possibilities and limitations of these historical revisions with regard to envisioning new different or even more positive versions of both the present and future As a whole the volume demonstrates that graphic novelists use the open and flexible space of the graphic narrative page in which readers can move not only forward but also backward upward downward and in several other directions to present history as an open realm of struggle that is continually being revised Contributors Frederick Luis Aldama Julie Buckner Armstrong Katharine Capshaw Monica Chiu Jennifer Glaser Taylor Hagood Caroline Kyungah Hong Angela Lafien Catherine H Nguyen Jeffrey Santa Ana and Jorge Santos Superman Scott McCloud, Paul Dini, 1998 Inspired by his animated adventures on the Kids WB this collection of fast paced adventures features Superman's battles with Metallo Brainiac and Livewire as well as the ever present menace of Lex Luthor *Making Comics* Scott McCloud, 2006 For use in schools and libraries only An in depth look at how comics storytelling works offering advice how tos and exercises
