Moore, John Arnott MacCulloch**

The Myth Of Genesis And Exodus:

The Myth of Genesis and Exodus and the Exclusion of Their African Origins Yosef Ben-Jochannan, 2002 The second book in a 3 volume set this is a companion volume to African Origins of the Major Western Religions and The Need for a Black Bible An invaluable resource for anyone seeking to gain a better understanding of belief systems in the Western world

The Langham hall pulpit [afterw.] Theistic sermons Charles Voysey, 1878 *Reading Old Testament Narrative as Christian Scripture* Douglas S. Earl, 2017-03-03 Douglas Earl sets out a fresh perspective on understanding what is involved in reading Old Testament narrative as Christian Scripture Earl considers various narratives as examples that model different interpretive challenges in the form of exegetical ethical historical metaphysical and theological difficulties Using these examples the significance of interpretive approaches focused on authorial intention history of composition canonical context reception history and reading context are considered in conjunction with spiritual literary structuralist existential historical critical and ethical critical approaches Christian interpretation of Scripture as Scripture is shown to be an inherently ad hoc task understood as a rule governed practice in Wittgenstein s sense an established goal directed activity for which no method hermeneutical principle or critical perspective discovers meaning or generates good interpretation Good interpretation involves exploration of various construals of the world of the text using hermeneutics of tradition and critique of ideology Ricoeur The interpreter s task is to discern faithful readings and develop their significance in a given intellectual or cultural context The interpretation of Scripture and its appropriation is seen to involve wisdom in forming judgments on a case by case basis learned through examples and experience on what constitutes good interpretation and use Earl shows how traditional hermeneutics and contemporary critical resources suggest that history ethics and theology can rarely be read off Old Testament narrative but also how Christians can appropriate ethically and historically problematic books such as Joshua faithfully adopt a minimalist approach to 1 2 Samuel and embrace a Trinitarian reading of Genesis 1

The Kosmic Symphony -Volume 1 Eric Coxall, 2016-12-31 The Kosmic Symphony is a holistic approach which examines the evolution of our social religious and cultural world our physical and scientific world and finally our inner mind or subjective reality This book identifies where many of our beliefs and traditions originate These have been imposed on us by religious authorities politics large corporations and institutions We absorb these ideas without our conscious awareness or control they can lead to wars and fundamentalism Science has transformed our understanding of the universe life and the mind With this new world view we have the knowledge to reach our full potential and progress into a new era of self actualisation and enlightenment Volume 1 covers the ascent of humanity into the classical world Followed by a decent to the dark ages when humans become puppets of Gods Priests and Kings Volume 2 brings the thesis forward from the reformation

Behind the Myths John Pickard, 2013-02-26 There has never been a more important time for a study of the social economic and political origins of Judaism Christianity and Islam the three important world religions that share a common

root This book adopts a Marxist that is a materialist view of human development so it takes as its starting point the idea that gods angels miracles and other supernatural phenomena do not exist in the real world and therefore cannot be taken as explanations for the origin and rise of these faiths It looks instead at the material conditions at appropriate periods in antiquity and the social and economic forces that were at work to outline the real foundations of these three doctrines In doing so it challenges the historicity of key figures like Moses Jesus and Mohammed This is a unique book that draws on the research knowledge and expertise of hundreds of historians archaeologists and scholars to create a new synthesis that is both coherent and completely based on a materialist world outlook It is a book written by an unbeliever for other unbelievers as a contribution to a discussion among atheists and secularists as to the real origins of the so called Abramic faiths It will be a revelatory read even to those already firmly of an atheist or secularist persuasion underpinning their nonreligious views and it will provide a valuable resource for all those who might be coming to question the hold that organized religion has had on human society

The Mythology of All Races ,2012-03-02 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book The below data was compiled from various identification fields in the bibliographic record of this title This data is provided as an additional tool in helping to ensure edition identification The Mythology Of All Races Volume 11 Of The Mythology Of All Races George Foot Moore Louis Herbert Gray George Foot Moore John Arnott MacCulloch Marshall Jones company 1920 Mythology **The Celestial Scriptures** C. M. Houck,2002-01-22 The Celestial Scriptures will challenge every spiritual principle that has been imposed upon us through tenets or organized religions It is not easy to face the fact that religious pronouncements often contradictory are primarily distortions regarding some universal truth as seen through myth and superstition The Celestial Scriptures will challenge the reader to get acquainted with a means of spiritual understanding that is unfamiliar for it reinstates an extremely ancient device as a teaching tool The irony is that most people in our technological society have at least a passing awareness of this device and associate it with a frivolous pastime In spite of all humankind s technological advances we have not learned to override the conditioned religious interpretations that were set down by ancestors who insisted that the Earth was the center of Creation We have climbed out of such simplemindedness and have raised virtual mountains of technological wonders But amazingly from the summits these mountains where we are privileged to peer into the living heart of universal truths we still bow before mythic explanations and superstitions It is time to face the fact that deceptions have lurked in the halls of faith for far too long
