Sword of Moses Rewritten Geoffrey Harris,2015-06-13 There have been a few versions of the sword of moses with various authors Gaster version being the most famous All have one thing in common the words in the sword of moses the conjuration of the sword are encoded and unreadable which in my belief renders it useless as a workable system So in this book I have replaced theses words of power with a readable format which are as equal if not more effective than the original I hope you enjoy this version of the Sword of Moses rewritten

The Sword of Moses Moses,2016-02-25 The Sword of Moses variously dated to the 14th century or before to perhaps the 10th contains perhaps the most strange array of folk magick fused with Kabbalistic and angelic content ever made Containing conjurations that invoke the very name of the Judeochristian deity it professes to allow the user control over the armies of the same god for various purposes from protecting oneself to securing fortune to destroying foes Over one hundred names and forces are invoked following the sword itself in the form of invocation in order to provide this power This edition contains a full list of the magical names of the rituals themselves and has been updated to modern English
