**The Zombie Autopsies** Steven C. Schlozman, 2024-09-24 As the walking dead rise up throughout the world a few brave doctors attempt to find a cure by applying forensic techniques to captured zombies On a remote island a crack medical team has been sent to explore a radical theory that could uncover a cure for the epidemic Based on the team's research and the observations of renowned zombie expert Dr Stanley Blum *The Zombie Autopsies* documents for the first time the unique biology of zombie organisms Detailed drawings of the internal organs of actual zombies provide an accurate anatomy of these horrifying creatures Zombie brains hearts lungs skin and digestive system are shown while Dr Blum's notes reveal shocking insights into how they function even as Blum and his colleagues themselves begin to succumb to the plague No one knows the ultimate fate of Dr Blum or his researchers But now that his notebook *The Zombie Autopsies* has been made available to the UN the World Health Organization and the general public his scientific discoveries may be the last hope for humans on earth Humanity has a new weapon against the living dead and that weapon is Steven Schlozman New York Times bestselling author Max Brooks I've written and made films about zombies for over forty years In all that time I've never been able to convince my audience that zombies actually exist On page one of *The Zombie Autopsies* Steven Schlozman takes away any doubt This fast moving entertaining work will have you chuckling and worrying George A Romero director of *Night of the Living Dead* Gruesome and gripping Steven Schlozman reveals the science behind zombies from the inside out Seth Grahame-Smith New York Times bestselling author of *Abraham Lincoln Vampire Hunter* With *The Zombie Autopsies* Steven Schlozman redefines weird science for the 21st Century Brilliant bizarre and wonderfully disturbing Jonathan Maberry New York Times bestselling author of *Rot Ruin* and *Patient Zero* Dr Steve's *Zombie Autopsy* will charm and excite a new generation into loving science Chuck Palahniuk New York Times bestselling author of *Fight Club*      **Postracial Fantasies and Zombies**

Eric King Watts, 2024-08-06 This book understands the postracial as a genre like the zombie apocalypse that signals a disturbance in society that is felt as terrifying and exciting The postracial is repetitive and reproduces blackened bioterror bodies rituals of securitization and fantasies of the reclamation of white masculine sovereignty Eric King Watts examines key moments when Blackness became an object of knowledge in the eighteenth and nineteenth centuries preparing the scientific and philosophical ground for interpreting zombie lore The book treats the Greater Caribbean as a transformative space in which an antiblack infrastructure arose and interrogates the US's militarized domination of Haiti that was the context in which the zombie emerged Watts traces variations of the form and function of the zombie to contemplate how it matters to our contemporary struggles with racism and pandemic policies      **Twenty-First-Century Gothic** Maisha

Wester, 2019-05-22 This resource in contemporary Gothic literature film and television takes a thematic approach providing insights into the many forms the Gothic has taken in the twenty first century      [The Undead and Theology](#) Kim

Paffenroth, John W. Morehead, 2012-09-21 The academy and pop culture alike recognize the great symbolic and teaching

value of the undead whether vampires zombies or other undead or living dead creatures This has been explored variously from critiques of consumerism and racism through explorations of gender and sexuality to consideration of the breakdown of the nuclear family Most academic examinations of the undead have been undertaken from the perspectives of philosophy and political theory but another important avenue of exploration comes through theology Through the vampire the zombie the Golem and Cenobites contributors address a variety of theological issues by way of critical reflection on the divine and the sacred in popular culture through film television graphic novels and literature *Latinos and Narrative Media* F. Aldama, 2013-11-07 This is the first book to explore the multitude of narrative media forms created by and that feature Latinos in the twenty first century a radically different cultural landscape to earlier epochs The essays present a fresh take informed by the explosion of Latino demographics and its divergent cultural tastes Emerging Infectious Diseases, 2018-07 NOT QUITE HUMAN C.
