C'est donc dans cet esprit que cet ouvrage a été rédigé même si il est essentiellement consacré aux techniques de base et que j'oriente mes cours particuliers et mon cursus. I started Shibari in 2003 after discovering Araki's photographic work. So I started with a purely aesthetic approach using notions of Hojojutsu that I had apprehended with martial arts only on the ground. It's as my practice progressed over the years that I discovered the other aspects of Shibari and in particular the feeling the relationship with the other, this link of extreme trust between two beings without it being necessarily sexual, this unity found between body and mind. It is only in 2015 that I felt the need to introduce suspension, this relationship to gravity, this feeling of space as a liberation. That's when I revised my techniques in order to improve safety, the risk of injury is greater when you play with gravity. I then expanded my practice with a contortionist, yoga practitioners and teachers among others. I went from aesthetics to feeling to what is now called connection. Today I would say that aesthetics is a happy consequence of a beautiful session and as in a tango it is the result of interaction. It is therefore in this spirit that this book is written, even if it is essentially devoted to basic techniques and that I orient my private lessons and my program.
