Below are about 230 questions based on The Hot Zone by Richard Preston. As part of your final exam project for AP Biology, you will read the book and answer 60 of the questions given.

Here are a few guidelines:

- You must answer at least one question from each chapter.
- You may answer no more than 5 questions from any one chapter.
- I am e-mailing this question list to you so that you may directly type your answers or insert pictures/charts after the question. The completed assignment must be sent to me as a computer file, not as hard copy.
- You will also receive a hard copy of these questions in class along with the book.
- You may delete the questions that you do not answer.
- All answers must be in your own words using proper terminology. Do not simply copy what you find from a Web site.
- Before you turn the completed assignment in, make sure to check for spelling and grammatical errors. In MS Word, avoid "wobble lines" under the text you submit; they indicate improper English.
- This is NOT a Group Assignment!
