How To Make Money The 88 Steps To Get Rich And Find Success:

How to Make Money Felix Dennis, 2011 Felix Dennis is one of Britain's wealthiest self-made entrepreneurs with an estimated fortune of £500 million. And he didn't get there simply by reading about how to get rich. He went out and did it. Appreciating that those intent on becoming rich will not have the time or inclination to read page upon page of guidance and advice on the subject, Felix Dennis has reduced his own business wisdom to 88 tenets of wealth generation, all written in his inimitable style. *How to Make Money* is for those determined to get rich for those who will not confuse reading with doing for those who seek the narrow road. First published in hardback as *88 The Narrow Road*. [The Selling and Self-Regulation of Contemporary Poetry](#) J.T. Welsch, 2020-03-31 *The Selling and Self-Regulation of Contemporary Poetry* is the first book-length study of the contemporary poetry industry. By documenting radical changes over the past decade in the way poems are published, sold, and consumed, it connects the seemingly small world of poetry with the other wider creative industries. In reassessing an art form that has been traditionally seen as free from or even resistant to material concerns, the book confronts the real pressures and real opportunities faced by poets and publishers in the wake of economic and cultural shifts since 2008. The changing role of anthologies, prizes, and publishers are considered alongside new technologies, new arts policy, and reconceptions of poetic labour. Ultimately, it argues that poetry's continued growth and diversification also leaves individuals with more responsibility than ever for sustaining its communities.
