Huapango:

Sounds of Crossing Alex E. Chávez, 2017-11-16 In *Sounds of Crossing* Alex E. Chávez explores the contemporary politics of Mexican migrant cultural expression manifest in the sounds and poetics of huapango, a musical genre originating from north central Mexico. Following the resonance of huapango's improvisational performance within the lives of audiences, musicians, and himself from New Year's festivities in the highlands of Guanajuato, Mexico, to backyard get-togethers along the back roads of central Texas, Chávez shows how Mexicans living on both sides of the border use expressive culture to construct meaningful communities amid the United States' often vitriolic immigration politics. Through Chávez's writing, we gain an intimate look at the experience of migration and how huapango carries the voices of those in Mexico, those undertaking the dangerous trek across the border, and those living in the United States. Illuminating how huapango's performance refigures the sociopolitical and economic terms of migration through aesthetic means, Chávez adds fresh and compelling insights into the ways transnational music making is at the center of everyday Mexican migrant life. **Basic Instructor**

Guitar, Vol 2 Jerry Snyder, 1985-03 Includes many additional accompaniment techniques used in Latin music: bluegrass, ragtime, running bass patterns, hammers, plus theory, chord solos, notation, and ensembles. **The Mariachi Voice** Juanita Ulloa, 2024 The voice is the most important instrument in Mexican Ranchera Mariachi music because the bulk of its repertoire is sung. However, no book on vocal care and production, voice history, diction, technique, graded song lists, and warm-ups for Mariachi singers has been available until now. Dr. Juanita Ulloa has designed *The Mariachi Voice* to create a bridge between the voice and Mariachi fields and to extend the reach of training and advocacy for Mariachi vocal training to academic programs, voice studios, and individual singers. Her Operachi style evolved out of her own training, touring, recording, and training of others as a specialist in Mexican and Latin American song. In *The Mariachi Voice*, Dr. Ulloa shares vocal technique and pedagogy, introducing the female Mariachi fach. She highlights important differences in training the female voice for healthy Ranchera singing while still honoring the style and introduces Mexican Spanish Lyric Diction with International Phonetic Alphabet (IPA). Professor John Nix of the University of Texas at San Antonio contributes an article on vocal production and care. Readers will develop cultural sensitivity towards this almost 200-year-old tradition. The Ranchera vocal history chapter explores the crossover, classical vocal training of ranchera singer-actors in charro movie musicals, many tracing back to legendary Mexico City-based voice teacher Jos Pierson. It is a wake-up call to raising the standards and accessibility of vocal training. *The Mariachi Voice* is sure to enrich those who take pride in sharing these songs and their singers as important symbols of Mexico's identity worldwide. *The Huapango, a Mexican Song Contest* Jean Bassett
