Fostering Children's Mathematical Power Arthur Baroody, Arthur J. Baroody, Jesse L.M. Wilkins, Ronald T. Coslick, 1998-09-01 Teachers have the responsibility of helping all of their students construct the disposition and knowledge needed to live successfully in a complex and rapidly changing world To meet the challenges of the 21st century students will especially need mathematical power a positive disposition toward mathematics curiosity and self confidence facility with the processes of mathematical inquiry problem solving reasoning and communicating and well connected mathematical knowledge an understanding of mathematical concepts procedures and formulas This guide seeks to help teachers achieve the capability to foster children s mathematical power the ability to excite them about mathematics help them see that it makes sense and enable them to harness its might for solving everyday and extraordinary problems The investigative approach attempts to foster mathematical power by making mathematics instruction process based understandable or relevant to the everyday life of students Past efforts to reform mathematics instruction have focused on only one or two of these aims whereas the investigative approach accomplishes all three By teaching content in a purposeful context an inquiry based fashion and a meaningful manner this approach promotes children s mathematical learning in an interesting thought provoking and comprehensible way This teaching guide is designed to help teachers appreciate the need for the investigative approach and to provide practical advice on how to make this approach happen in the classroom It not only dispenses information but also serves as a catalyst for exploring conjecturing about discussing and contemplating the teaching and learning of mathematics

Soul City Thomas Healy, 2021-02-02 A New York Times Book Review Editors Choice 2021 Hooks National Book Award Winner The fascinating forgotten story of the 1970s attempt to build a city dedicated to racial equality in the heart of Klan Country In 1969 with America s cities in turmoil and racial tensions high civil rights leader Floyd McKissick announced an audacious plan he would build a new city in rural North Carolina open to all but intended primarily to benefit Black people Named Soul City the community secured funding from the Nixon administration planning help from Harvard and the University of North Carolina and endorsements from the New York Times and the Today show Before long the brand new settlement built on a former slave plantation had roads houses a health care center and an industrial plant By the year 2000 projections said Soul City would have fifty thousand residents But the utopian vision was not to be The race baiting Jesse Helms newly elected as senator from North Carolina swore to stop government spending on the project Meanwhile the liberal Raleigh News Observer mistakenly claimed fraud and corruption in the construction effort Battered from the left and the right Soul City was shut down after just a decade Today it is a ghost town and its industrial plant erected to promote Black economic freedom has been converted into a prison In a gripping poignant narrative acclaimed author Thomas Healy resurrects this forgotten saga of race capitalism and the struggle for equality Was it an impossible dream from the beginning Or a brilliant idea thwarted by prejudice and ignorance And how might America be different today
