[The Power Within Positivity](#) Richard McArthur, 2011-08-19. This book was made with much love and thought. The ideas stated have been thought about and collected over the period of a year. When I stated out, my only motive was to make a book that would help in personal and global positive change. Within good time, the book became so much more; it became a guideline to living in a new state and a new positive/productive way. Many people will find that most of the ideas in this book ring a truth. My only wish is that people will pick up on this ringing vibration of truth and apply it to their lives.
