

**Question: Authors often use characterisation as a way to explore wider social concerns. Compare and contrast the ways in which characters are presented as embodying or representing an important issue in the text.**

#### **Introduction**

- A Doll's House, a play by Henrik Ibsen, is a story about a woman named Nora who is struggling to break free from the societal norms and expectations placed upon her as a wife and mother. In the play, several characters represent different aspects of this important issue.
- In Arthur Miller's play Death of a Salesman, the character Willy Loman represents the decline of the American Dream, as he is a salesman person who has failed to achieve success and financial stability despite his hard work. This is a significant issue in the text, as it explores the false promises and illusions of the American Dream, and how it can lead to disillusionment and tragedy.
- Both literary texts use characters to discuss important issues. I will be looking at the role that different people have or believe they must fulfill due to society.
- 

**How marriages are used to show the pressure of society on a marriage and on individuals**

#### **Paragraph 1 - Nora and Torvald**

- Point: Nora
  - Nora, the protagonist, represents the struggle of women to break free from the constraints of traditional gender roles and assert their own individuality. Throughout the play, Nora grapples with the demands placed upon her by her husband and society, and ultimately makes the decision to leave her family in order to find herself and pursue her own goals.
  - In A Doll's House, the character of Nora represents the pressure of society on individuals and marriages in several ways. One of the main ways in which Nora embodies this pressure is through her role as a traditional, 19th-century housewife and mother. She is expected to be submissive and obedient to her husband, Torvald, and to always put the needs of her family ahead of her own. However, Nora struggles with this role and the constraints that it places on her, and this leads to feelings of frustration and resentment.
  - Another way in which Nora represents the pressure of society on individuals and marriages is through her relationship with Torvald. Despite the fact that they are supposed to be equals in their marriage, Nora is often treated like a child by Torvald, who constantly belittles and patronizes her. This dynamic puts a great deal of strain on their relationship, as Nora begins to question the value of their marriage and her own worth as a person.
  - Furthermore, Nora's secret actions and deception also highlight the pressure of society on individuals and marriages. In order to save her husband's life, Nora takes out a loan without his knowledge and uses the money to pay for his medical treatment. She then goes to great lengths to keep this secret from him, and to maintain the appearance of the perfect wife and mother. However, when her secret is revealed, Nora is shunned and judged by society, which reinforces the strict gender roles and expectations that she has been struggling against.

*A Doll's House: A New Translation* Henrik Ibsen, A Doll's House written by Henrik Ibsen in 1879 is a groundbreaking play that challenges the conventions of marriage gender roles and societal expectations in the 19th century The story follows Nora Helmer a seemingly happy wife and mother who begins to realize the constraints of her domestic life and the illusion of freedom within her marriage Nora's husband Torvald treats her like a cherished possession a doll in their well ordered home and as the plot unfolds she discovers the deep inequality in their relationship At the heart of the play is Nora's growing self awareness and her ultimate decision to break away from societal norms Ibsen masterfully explores themes of identity individual freedom and the roles that women were expected to play in a patriarchal society Nora's journey toward independence was revolutionary at the time and it remains a powerful commentary on personal autonomy and the limitations placed on women in traditional marriages A Doll's House is considered one of the most important works of modern drama with its realistic portrayal of domestic life and its challenge to social conventions This new translation captures the nuance and power of Ibsen's original text while updating the language for modern readers ensuring that its emotional impact and relevance remain as strong today as ever This edition offers a profound and thought provoking experience for both new readers and long time admirers of classic literature     *A Doll's House Study Guide* Ella Hickson,2013 Online learning resource offering in depth analysis of character language plot and relationships for Henrik Ibsen's A Doll's House
