Author and Title Index** ,1975 **Canadian Books in Print** ,2003

**Monthly Review** ,1996 **Cogs in the Classroom Factory** Deborah M. Herman,Julie M. Schmid,2003-02-28 Brings together essays by tenure track faculty adjuncts and graduate employees from a variety of disciplines and geographical regions in an analysis of the changing identity of academic labor The essays included suggest alternatives for responding to the ongoing erosion of tenure and academic freedom and reshaping the academic workplace Contributors discuss the impact

of today's casualized academic job market on faculty's self-perception, political action and responses to the changing nature of higher education. The essays included in this collection address a number of topics including today's academic labor situation from an educational history perspective, the development of an academic worker identity via the build up to a strike, the graduate employee union movement, unionization as a social justice movement, faculty unionization and workplace solidarity, the potential culture clash between professional and blue collar unions, the faculty's complicity in the creation of a two-tiered job system and the othering of adjunct and non-tenure track faculty. By focusing on the state of the academic job system on their campuses, the contributors to this volume suggest some alternatives for responding to the ongoing erosion of tenure and academic freedom in higher education and reshaping the academic workplace. **American Book Publishing Record**, 2001

Kampen om välfärdsarbetets värde Kristin Linderöth, 2022-03-08 Tilldelades Rudolf Meidner priset 2021. På vintern 2003 genomförde Kommunal en omfattande strejk för högre löner. De rika jackorna med parollen Vi tar fajten syntes överallt i Sverige. Frågan om vad välfärdsarbetet egentligen förvärtställdes på sin spets liksom vilka möjligheter och begränsningar som omgärdar kommunalarens fackliga kamp. Strejken utspelade sig i hjärtat av den offentliga välfärdssektorn som varit central för det socialdemokratiska samhällsbygget. Därmed blottades spänningar inom arbetarrörelsen kring prioriteringar, strategier och lojaliteter. I den första bok som skrivits om Kommunalstrejken undersöker Kristin Linderöth hur många av de som själva var med ser tillbaka på vad de gjorde och varför de gjorde det samt vilka lördomar de har dragit. Studien visar att kommunalarna kämpade för både omfördelning och erkännande för deras värde som människor och arbetare sammanlänkades med välfärdsstatens värde. Studien belyser också hur strejken påverkade de som deltog genom att skapa vidare möjlighetshorisonter och nya visioner för facklig verksamhet. Boken ger ny kunskap om arbetskonfliktsrelationer och villkor för facklig kamp. Den illustrerar att skillnader mellan tjänstearbete och varuproduktion liksom mellan offentlig och privat sektor är centrala dimensioner i utforskandet av strejkerfarenheter. Ett teoretiskt bidrag ges till feministiska debatter om innebörden av rättvisa i klassbaserad kamp liksom till förståelsen av subjektivitetsomvandlingar i kvinnodominerade arbetskonflikter. The Vertical Mosaic John Porter, 1965. This book looks at two important aspects in Canadian society: its class structure and the composition of its elites or power holding groups. A recurring theme in the analysis of both class and elite groups is that Canada has found itself in the middle of the twentieth century with inadequate institutional arrangements for the industrial society it has become. Its educational systems have failed to provide the necessary skills which in large measure have been recruited through immigration. Its elites have been drawn largely from middle and upper class British charter groups. The author further submits that the strong emphasis in the Canadian value system on regionalism and ethnic differentiation has resulted in the fragmentation of the society, particularly at the political level and left it incapable of dealing with some of its major problems as an industrial society. Although this is a sociological study in which evidence is related to social theory, the author has tried to avoid technical terms and this together with the particular relevance at the present time of a discussion of the nature of

Canadian society will make this book interesting to laymen as well as specialists
