How To Screenshot Snapchat Without Sending Notification:

Sexting and Cyberbullying Shaheen Shariff, 2015 This book examines the lines between online joking and legal consequences and analyzes legal and educational responses to these issues *A Filtered Life* Nicole Taylor, Mimi Nichter, 2021-12-23 A Filtered Life is the first comprehensive ethnographic account to explore how college students create and manage multiple identities on social media Drawing on interviews and digital ethnographic data gleaned from popular social media platforms the authors document and make visible routinized practices that are typically hidden and operating behind the scenes They introduce the concept of digital multiples wherein students strategically present themselves differently across social media platforms This requires both the copious production of content and the calculated development of an instantly recognizable aesthetic or brand Taylor and Nichter examine key contradictions that emerged from student narratives including presenting a self that is both authentic and highly edited appearing upbeat even during emotionally difficult times and exuding body positivity even when frustrated with how you look Students struggled with this series of impossibilities yet they felt compelled to maintain a vibrant online presence With its close up portrayal of the social and embodied experiences of college students A Filtered Life is ideal for students and scholars interested in youth studies digital ethnography communication and new forms of media Mediating Memory Bunty Avieson, Fiona Giles, Sue Joseph, 2017-10-16 The argument has been made that memoir reflects and augments the narcissistic tendencies of our neo liberal age Mediating Memory Tracing the Limits of Memoir challenges and dismantles that assumption Focusing on the history theory and practice of memoir writing editors Bunty Avieson Fiona Giles and Sue Joseph provide a thorough and cutting edge examination of memoir through the lenses of ethics practice and innovation By investigating memoir across cultural boundaries in its various guises and tracing its limits the editors convincingly demonstrate the plurality of ways in which memoir is helping us make sense of who we are who we were and the influences that shape us along the way
