discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics **Close Reading and Its Alternatives** Mun-Hou

Lo,2025-11-20 **Close Reading and Its Alternatives** provides an up to date and consolidated history of the literary and analytical technique and philosophy of close reading It offers an essential guide to the features and genealogies of close reading and how it intersects with literary theories like feminist criticism queer theory cultural studies digital humanities game studies and more Divided into five parts the book contains 21 influential essays on close reading and on alternative methods that have arisen in the past few decades These primary texts are contextualized by and analyzed in six original and insightful introductions These works combine to trace the invention of close reading around the time of New Criticism The book then shows how close reading evolved when it is taken up by poststructuralist thought such as Marxism deconstruction and New Historicism Turning to the twenty first century the volume explores the rise of the critiques of close reading that are distinguished by their attempts to offer alternative methods distant reading reparative reading just and surface reading and thin description and too close reading Close reading is inescapably central in the field of literary studies and beyond This comprehensive resource will enhance understanding and enrich the reading experience of students and teachers of literature

Global Learning in the 21st Century Tassos Barkatsas,Adam Bertram,2016-10-26 In this 21st century technological and social changes have never been as rapid as before and educative practices must evolve and innovate to keep up What is being done by educators today to prepare future global citizens What are the skills and competencies that will be required by our students What changes in how we approach education might need to be made This book presents a modern focus on some significant issues in teaching learning and research that are valuable in preparing students for the 21st century The book discusses these issues in four sections The first section presents contemporary innovative curriculum and pedagogical practices that are relevant for the 21st century This also includes how social networking has an integrated role within current educative practice The next section then explores issues and current research around motivation and engagement and how these are changing in this era of technological and social change The third section presents debates around inclusion and social contexts both global and local Finally the fourth section explores current discourses in regard to internationalisation and globalisation and how these are being considered in educational research The book is an important representation of some of the work currently being done for these rapidly changing times It will appeal to academics researchers teacher educators educational administrators teachers and anyone interested in preparing students for a modern and globally interconnected world *Reading* Vincent Quinn,2020-06-01 Why do we read and have we always read in the

same way Reading A cultural practice uses a rich variety of literary and visual sources to explore how reading has changed and continues to change in response to new technologies and shifting social pressures Drawing on medieval illustrations classic fiction the art and literature of the Bloomsbury Group and contemporary e culture the book shows that there is no single unchanging thing called reading instead it is something that mutates over time Throughout history ways of reading and theories of reading have been shaped by religious and educational institutions This continues to be true but current approaches to reading are also conditioned by debates over digital culture and social media use Reading A cultural practice re frames these contemporary preoccupations by offering a long view on how our notions of books and reading alter according to social and historical context

On the Subject of Drama David Hornbrook,2002-01-04 Although much has been written on how the drama elements of the English curriculum might be taught in schools there is less guidance available for teachers who regard drama not as an adjunct of English but as an arts subject in its own right In this volume David Hornbrook and a team of experienced drama specialists show how the subject of drama may be defined and taught Drawing on literature visual art music and dance as well as the rich and varied traditions of drama itself they map out an eclectic subject curriculum for students of all ages Opening up the field in new and exciting ways the book embraces the widest possible range of dramatic knowledge and skills from the Natyashastra of ancient India to contemporary classroom improvisation The book is divided into three sections The teaching and learning of drama ideas about interculturalism creativity and craft key concepts informing the drama curriculum are interrogated and re theorised for the classroom Making and performing drama in school the fundamental processes of reading and writing plays for performance are explored along with the potential of dance to enhance and extend students experience of dramatic performance Watching and understanding drama ensuring the curriculum is appropriately balanced between the production and reception of drama this last section emphasises the role of students as audience for both live and electronic performances and the development of a dramatic vocabulary

New Critical Nostalgia Christopher Rovee,2024-01-02 New Critical Nostalgia weighs the future of literary study by reassessing its past It tracks today s impassioned debates about method back to the discipline s early professional era when an unprecedented makeover of American higher education with far reaching social consequences resulted in what we might call our first crisis of academic life Rovee probes literary study s nostalgic attachments to this past by recasting an essential episode in the historiography of English the vigorous rejection of romanticism by American New Critics in the new light of the American university s tectonic growth In the process he demonstrates literary study s profound investment in romanticism and reveals the romantic lyric s special affect nostalgia as having been part of English s professional identity all along New Critical Nostalgia meticulously shows what is lost in reducing mid century American criticism and the intense quirky and unpredictable writings of central figures such as Cleanth Brooks Josephine Miles and W K Wimsatt to a glib monolith of New Critical anti romanticism In Rovee s historically rich account grounded in analysis of critical texts and

enlivened by archival study readers discover John Crowe Ransom's and William Wordsworth's shared existential nostalgia witness the demolition of the immature Percy Shelley in the revolutionary textbook *Understanding Poetry* explore the classroom give and take prompted by the close reading of John Keats consider the strange ambivalence toward Lord Byron on the part of formalist critics and romantic scholars alike and encounter the strikingly contemporary quantitative studies by one of the mid-century's preeminent poetry scholars Josephine Miles These complex and enthralling engagements with the romantic lyric introduce the reader to a dynamic intellectual milieu in which professionals with varying methodological commitments from New Critics to computationalists working in radically different academic locales from Nashville and New Haven to Baton Rouge and Berkeley wrangled over what it means to read with nothing less than the future of the discipline at stake

Hope Without Optimism Terry Eagleton, 2019-06-11 In a virtuoso display of erudition thoughtfulness and humour Terry Eagleton teases apart the concept of hope as it has been often mistakenly conceptualised over six millennia from ancient Greece to today He distinguishes hope from simple optimism cheeriness desire idealism or adherence to the doctrine of Progress bringing into focus a standpoint that requires reflection and commitment arises from clear sighted rationality can be cultivated by practice and self discipline and which acknowledges but refuses to capitulate to the realities of failure and defeat Authentic hope is indubitably tragic yet Eagleton also argues for its radical implications as a species of permanent revolution whose enemy is as much political complacency as metaphysical despair It is a means of facing the future without devaluing the moment or obviating the past Traversing centuries of thought about the many modes of hoping from Ernst Bloch's monumental work through the Stoics Aquinas Marx and Kierkegaard among others this penetrating book throws new light on religious faith and political ideology as well as issues such as the problem of evil the role of language and the meaning of the past *Hope Without Optimism* is a brilliantly engaged impassioned chronicle of human belief and desire in an increasingly uncertain world *Talking Book Topics*, 2014-07
