Modules Transitioning to ICD 10 CM Coding makes it easy to learn ICD 10 CM coding and prepare for the AAPC's ICD 10 certification exam. The book provides a step by step guide to coding rules and concepts while the Online Training Modules provide practice with realistic coding exercises. After you've read the chapters in the book and completed the online modules you will be ready to take a practice exam simulating the 75 question AAPC ICD 10 exam also located in the Online Training Modules. Best of all you can use this integrated course of study to earn continuing education credits. CEUs from AAPC and AHIMA may be earned when the book is used with ICD 10 CM Online Training Modules. A step by step approach makes it easier to learn and remember important information. A practice exam at the beginning of the online modules measures your familiarity with ICD 10 CM coding. A 75 question mock exam for the AAPC ICD 10 certification exam follows in the online modules. Complete coverage of the new ICD 10 CM code set includes practice activities at the end of each chapter and assigned exercises in the online modules. Online module exercises, Quick Checks and Toolbox features reinforce the coding rules and concepts. Reflect the book's step by step organization and enhance your comprehension. Real life coding reports simulate the reports that coders encounter on the job and challenge you to apply important coding principles to actual cases from the field. From the Trenches and Caution boxes provide important tips and helpful advice that will be useful when you are working in the field. Official Guidelines for Coding and Reporting boxes include excerpts of actual coding guidelines each accompanied by in text explanations.

Medical Coding: Icd-10-Pcs BarCharts, Inc, Shelley C. Safian, 2012-05-31. The health care industry is moving toward a major change in the code set or language used to report the reasons why a physician or health care professional provided care to a patient. Since 1978 the industry has used codes from ICD 9 CM volume 3 to report the procedures, services and treatments provided to inpatients in acute care facilities. Within the next few years the transition will be made to ICD 10 PCS. The transition from ICD 9 CM volume 3 to ICD 10 PCS will only affect those health information management professionals and those getting ready to enter this profession working on hospital inpatient procedure coding but it will require even the most seasoned professionals to learn how to accurately report what has been provided to patients. With the use of tabular examples and color coded text this QuickStudy guide helps make the transition smoother and promote better understanding and greater comfort with the new code set.
