Fundamental Tax Changes Needed to Unleash America's Small Businesses United States. Congress. House. Committee on Small Business. Subcommittee on Taxation and Finance, 1996 **Build Long-Term Wealth From Tiny Ideas: Low-Overhead Digital Businesses That Scale** Sybex Books, 2025-06-22 Big money doesn't always come from big ideas. Sometimes the simplest concept executed well builds wealth that compounds for years. Build Long Term Wealth From Tiny Ideas is your practical inspiring guide to starting lean, scaling smart, and creating multiple streams of income from tiny digital products and services that don't require massive overhead or complex teams. You don't need investors, followers in the millions, or a complicated startup plan. You just need one valuable idea, packaged clearly, positioned boldly, and delivered through repeatable systems. This book walks you through how to uncover high leverage opportunities hiding in your everyday skills, turn them into micro offers, and stack them into a digital business that grows quietly but powerfully. You'll discover how to monetize your knowledge through templates, trainings, checklists, and other low cost, high margin assets. You'll learn how to launch without debt, sell without burnout, and grow without sacrificing simplicity. This isn't about flashy tactics or overnight wins. It's about wealth that sticks. Assets that scale. Income that doesn't collapse if you're away for a week. Whether you're starting from scratch or refining your niche, this book helps you see what you've been overlooking. Tiny ideas are the seeds of scalable empires when paired with smart systems and long term thinking. You don't have to go big to win. You just have to go focused, lean, and intentional, and let time do the rest.
