Quick Home Office Setup Tips For Gen Z:

Achieving Quality of Life at Work Suhana Mohezar, Noor Ismawati Jaafar, Waqar Akbar, 2021-08-23 This book provides an understanding and imaging of how a stress free workplace might be designed and implemented in the context of the new normal Statistics show that more and more people are experiencing an increase in work related stress and its impact on individual psychology and well being as well as organizational performance can be devastating Globally the most recent data on work related illnesses account for 2 4 million deaths Against this backdrop and taking stock of how the pandemic is affecting the workplace and employee well being this book proposes transformations in work spaces from implementing effective greening features to more efficient technology supported spaces It establishes links between workplace design and creativity happiness and productivity confronting related issues such as generation gaps digital interruptions collaborative work environments and sustainability and their respective connections with workspace environment and well being The book situates this discussion within a broader discussion on work and quality of life Furthermore the book demonstrates how several sustainable development goals might be achieved through transformed work spaces Through an intersection between organizational psychology well being and quality of life studies sociology human resources and ergonomics this book is a timely examination of work related stress in relation to work spaces that require rethinking and transformation in the throes and wake of the pandemic

A Global Guide to Human Resource Management Thomas Klikauer, 2022-06-17 A Global Guide to Human Resource Management is a concise HRM introductory text offering a uniquely non region specific approach to people management in international business organisations The book presents an alternative to standard managerial approaches reflecting the perspectives of multiple stakeholders workers trade unions states and governments NGOs to critically evaluate HRM in practice and in so doing enables students to make effective decisions in their own practice wherever their careers take them Its accessibility and concision make it well suited to short courses for non HRM and non business specialists This text covers all major introductory topics for non specialists introducing the concept and purpose of HRM through recruitment people skills designing work promoting health rewarding success and successful and ethical people management This edition includes a new chapter on green HRM Rich with pedagogical features the book includes five case studies per chapter to connect theory with practice It is also supported with a range of instructor materials including online guest lectures general discussion questions a glossary an index and online documentaries that explain how to manage people It is essential reading for students interested in Human Resources and Personnel Management Organisational Behaviour and Development and Workplace Culture

RETHINK Design Guide Nicola Gillen, Pippa Nissen, Julia Park, Adam Scott, Sumita Singha, Helen Taylor, Ian Taylor, Sarah Featherstone, 2021-02-18 The world has changed How will society emerge post pandemic Will we take the opportunity to reset the status quo And if so what possibilities are there for architects to take the initiative in designing this new world This innovative design guide draws together expert guidance on

designing in the immediate aftermath of the pandemic for key architectural sectors housing workplace civic and cultural hospitality education infrastructure and civic placemaking It provides design inspiration to architects on how they can respond to the challenges and opportunities of a post pandemic environment and how architects ensure they are at the forefront of the best design in this new world Looking at each sector in turn it covers the challenges specific to each and how delivering these designs might differ from the pre pandemic world As well as post pandemic design the vital issue of climate change will be threaded through each sector with many cross overs between designing for the climate emergency and designing for a world after a pandemic Both seek to make the world a safer happier and more resilient place Written by set of contributing design experts this book is for all architects whether sole practitioners or working in a larger practice As well as inspirational design guidance it also provides client perspectives crucial for understanding how clients are planning for the future too

Research Design in Business and Management Stefan Hunziker, Michael Blankenagel, 2021-11-09 The present book project on Research Design which is planned in English is intended to create an innovative textbook that can be used at university undergraduate and graduate levels in internationally oriented education in the German speaking countries This textbook shall provide comprehensive guidance for students when tackling their applied research papers Instead of reiterating qualitative and quantitative methods it focuses on how to come up with an appropriate research design that allows the student to make the intended intellectual contribution Starting from the desired hypothetical conclusion or statement the student will be guided through the process of finding the appropriate Research Question that will be answered by such a statement and the required Research Design consisting of data collection and data analysis that allows for such a statement as the conclusion of the study Common Research Designs in Business and Management i e well beyond the standard Research Designs of Social Sciences and curtailed to the focus area will be described with regard to their suitability to answer specific kinds of questions as well as the idiosyncrasies of the these Designs and their impact on the written research reports Examples for each Research Design will be provided as well as guidance about how to write about such research
