Death and the Dervish Meša Selimović, 1996 Sheikh Nuruddin is a dervish at a Sarajevo monastery in the eighteenth century during the Turkish occupation When his brother is arrested he descends into the Kafkaesque world of the Turkish authorities in order to find out what has happened As he does so he begins to question his relations with society as a whole and eventually his life choices in general Hugely successful when published in the 1960s *Death and the Dervish* appears here in its first English translation

The Fortress Meša Selimović, 1999 *The Fortress* is one of the most significant and fascinating novels to come out of the former Yugoslavia Ahmet Shabo returns home to eighteenth century Sarajevo from the war in Russia numbed by the death in battle or suicide of nearly his entire military unit In time he overcomes the anguish of war only to find that he has emerged a reflective and contemplative man in a society that does not value and will not tolerate the subversive implications of these qualities

Yet Another Europe after 1984, 2012-01-01 Much of the debates in this book revolves around Milan Kundera and his 1984 essay *The Tragedy of Central Europe* Kundera wrote his polemical text when the world was pregnant with imminent social and political change yet that world was still far from realizing that we would enter the last decade of the twentieth century with the Soviet empire and its network of satellite states missing from the political map Kundera was challenged by Joseph Brodsky and Gyrgy Konr d for allegedly excluding Russia from the symbolic space of Europe something the great author deeply believes he never did To what extent was Kundera right in assuming that if to exist means to be present in the eyes of those we love then Central Europe does not exist anymore just as Western Europe as we knew it has stopped existing What were the mental cultural and intellectual realities that lay beneath or behind his beautiful and graceful metaphors Are we justified in rehabilitating political optimism at the beginning of the twenty first century Are we able to reconcile the divided memories of Eastern or Central Europe and Western Europe regarding what happened to the world in 1968 And where is Central Europe now

Rethinking the Space for Religion Catharina Raudvere, Krzysztof Stala, Trine Stauning Willert, 2015-01-01 A broad discussion about how history and religion contribute to identity politics in contemporary Europe this book provides case studies exemplifying how public intellectuals and academics have taken an active part in the construction of recent and traditional pasts Instead of repeating the simplistic explanation as a return of religion this volume focuses on public platforms and agents and their use of religion as a political and cultural argument Filled with previously unpublished data gathered from texts interviews field observations artifacts and material culture this record challenges stereotypical images of East and Southeast Europe

Bosnia and Herzegovina Michael Schuman, 2004 In February 2003 Biljana Plavsic an ex Bosnian Serb leader became the highest ranking politician from the former Yugoslavia to be found guilty of war crimes Her sentence of 11 years in prison is an important step in the reconciliation and rehabilitation process that has been hampered by reluctance on the part of governments and individuals to come forth and face war crimes indictments The war in Bosnia ended in 1995 with the signing of the Dayton Peace Agreement which created a two tier government in Bosnia and Herzegovina A multi ethnic national government took charge of foreign and economic policy and two regional governments the Bosniak Croat Federation of Bosnia and Herzegovina and the Bosnian Serb led Republika Srpska managed internal affairs This new volume in the Nations in Transition series provides an in depth look at the current situation in Bosnia and Herzegovina the country s ethnic conflict and its history and the difficulties it faces in implementing the terms of the peace agreement Comprehensive in scope Bosnia and Herzegovina begins with an overview of the country s history from Roman times to the present In a style that is easy to understand the book continues to examine the complicated government structure and diverse religious community of Bosnia and Herzegovina as well as its economic situation culture daily life and major cities An invaluable source of information for students and general readers this volume is a great starting point for research on this still fragile democracy
