Metaphysical principles in each of the odus reveal the structure of reality and the ways in which our perception of it is shaped. For convenience, predictions associated with each odu and each type of divination tool is laid out in an uncomplicated way. Opele provides all the information necessary to understand the true meaning of predictions. *Practical Ifa Divination* S. Solagbade Popoola, 1997-06 Gives the reader a deep insight into Ifa and its messages. Once read, the meaning of Ifa and the responsibilities reposed in the Babalawo and the client will be clearly understood. Through the sacred Odu Ifa's message is revealed. The interpretations, Sacrificial Materials, Significance of the Odu at Divination, Initiation and Naming Ceremony makes this volume three in the series a must read. Tradition and Transformation Koleoso Karade, 2001 The Ifa religion provided healing and foundation during enslavement. It served as a constant reminder of who we are and just how important it is for us to relate to the forces of life and identify with it through our own likeness. During the time when we were being stripped of our self-worth, it was our tradition that prevented us from committing total self-annihilation. The worship of Orisha healed our spiritual constitution and gave us some semblance of the reality that it is important for the deities of a people to look like and reflect the self-image of those people. The wisdom of Ifa as expressed through the Sacred Odu challenged us to remain true to our moral and righteous construct even in the face of immorality and degradation. In essence, the religious and philosophical basis for our African existence revolved and continues to revolve around the tenets and fundamental concepts of the Yoruba religious practice. Ifa was the major ingredient in the healing process of the enslaved African and now it must be made available for the disillusioned African as well. **Ifá Divination, Knowledge, Power, and Performance** Jacob K. Olupona, Rowland O. Abiodun, 2016-02-29 This landmark volume compiled by Jacob K. Olupona and Rowland O. Abiodun brings readers into the diverse world of Ifa's discourse, ways of thinking and artistic expression as manifested throughout the Afro-Atlantic. Firmly rooting Ifa within African religious traditions, the essays consider Ifa and Ifa divination from the perspectives of philosophy, performance studies and cultural studies. They also examine the sacred context, verbal art and the interpretation of Ifa texts and philosophy. With essays from the most respected scholars in the field, the book makes a substantial contribution toward understanding Ifa and its role in contemporary Yoruba and diaspora cultures. **Egun** Awo Fá'Lokun Fatunmbi, 2013-11-02 One of the first steps in our spiritual journey is the relationship with Egun. We setup an ancestor altar and faithfully make offerings and discuss our daily happenings, wishes, needs and dreams. All too often, through lack of knowledge from our elders, neglect or lack of communication, the door to ancestor communication stays shut. Not because of anything we have done but what we have not done. We need to open the door into that previously forbidden realm. Know and trust without fear, a communication with our ancestors, not just a one-way monologue but that two-way dialogue that lets you have a vehicle for knowledge, healing and informed advice from our long forgotten ancestors. Baba Falokun provides the tools necessary to kick that door open by using Oriki. We can open a door to a level of communication not previously available. As we follow the guide and chant the Oriki for the ancestors to mount the medium, we begin to hear the voices of the past.

repeating the words with you Welcome them the words are thousands of years old and still used today This is a tool that opens the portals of another dimension Use them our ancestors walk with us don t lose the opportunity to receive a communication These are a must for anyone doing or wishing to communicate with the other side     **The Sacred Ifa Oracle** Afolabi A. Epega, Philip John Neimark, 1995 The Ifa Oracle is an ancient African divination system that has been passed down orally through the generations Like the hexagrams of the I Ching the odus or stories that comprise the oracle are consulted for their sage advice and wisdom regarding life questions Now for the first time the 256 sacred stories of the Ifa Oracle have been translated into English by Dr Afolabi Epega a fifth generation Nigerian babalawo or Ifa priest Both classic and Western interpretations by Dr Epega and American babalawo Philip Neimark clearly illuminate each translation setting the context for using and understanding the power of Ifa wisdom in modern life     The Mechanics of Ifa Divination System Ojo Oludare Oyeibisi, 2019-06-21 The majority of native Yoruba speakers view the Ifa divination system as a form of dark magic inconsequential shamanism or ritualistic fetish Even some scholars of Ifa and its divination system have conveyed the impression that it is simply a primitive oracular instrument of narrative art that should be appreciated only for its poetic sublimity The Ifa divination system has been greatly misconceived as a mere esoteric system devoid of any form of technological information This book therefore seeks to describe what the Ifa divination system truly is and to illustrate its pertinence beyond traditional divination and cultural level information to modern technology The author examines the process and structure of the Ifa divination system and highlights some of the elements of technological knowledge that are embedded in the Ifa divination system In all this book is both a lively introduction to some of the technological level information in Ifa divination system and a concise reference for those who are interested in enhancing technological development within the context of the cultural knowledge of Ifa and its divination system     Divination with Diloggún Monique Joiner Siedlak, 2021-07-09 Discover Divination with Dilogg n one of the oldest known spiritual practice in the world This book details the rich history of coconut and cowrie shell divination and introduces readers to its powerful technique that allows them to connect to the wisdom of ancestors spirits and deities It invites readers to follow its origins with the West African Yoruba people to lands as far away as Brazil Cuba and Puerto Rico Learn about the divination systems the meaning behind the sixteen cowrie shell combinations the powerful messages of the Orishas and the great mystical divination techniques of these sacred magical tools Inside you ll find Where West African cowrie shell divinations are found What Diloggun divination is The Obi divination And more The history hands on instructions and theories outlined in this book will teach you how to use the shells to answer your questions and ultimately achieve your true destiny if you so desire     **Ifa & Orisha Reverence** Charles King, Brenda B.Msc., 2015-11-05 This book is designed specifically for those considering joining the ancient IFA culture and those newborn to it You will find advice from some of the most important luminaries in Lucumi Traditional Yoruba Land IFA and The Diaspora based traditions Names like Baba Olosun Chief Fama Oba Pichardo Chief
