The Evolution of Electronic Dance Music Ewa Mazierska, Tony Rigg, Les Gillon, 2022-12-29 The Evolution of Electronic Dance Music establishes EDM's place on the map of popular music. The book accounts for various ambiguities, variations, transformations, and manifestations of EDM pertaining to its generic fragmentation, large geographical spread, modes of consumption, and changes in technology. It focuses especially on its current state, its future, and its borders between EDM and other forms of electronic music as well as other forms of popular music. It accounts for the rise of EDM in places that are overlooked by the existing literature such as Russia and Eastern Europe and examines the multi-media and visual aspects such as the way EDM events, music are staged and the specificity of EDM music videos. Divided into four parts: concepts, technology, celebrity, and consumption, this book takes a holistic look at the many sides of EDM culture.

Engage to Win Steve Lucas, 2018-09-18 Engagement is the key to success for today's businesses. The world we live in is radically different today from what it was even just five years ago. It is hyperdigital and becoming more so every day. Ironically, we use "connected" to describe this new world yet we are asked to interact increasingly through apps and browsers instead of via face-to-face contact with customers and clients. Even with all the incredible advances, it's worth pondering whether organizations actually feel more connected to the people and the companies they do business with. In *Engage to Win*, author Steve Lucas introduces a new model for marketing to address this new hyperdigital world: one founded on engagement. He introduces the idea that embracing and driving engagement throughout organizations and using it with customers, prospects, employees, and partners is what will set companies apart. This digital era demands that marketers understand the science of marketing in order to scale and succeed. But if we embrace mathematics alone while abandoning feeling, meaning, and authenticity, we will fail to deliver on the desires of our clients to feel listened to and understood. So how do we win the heart and mind of the buyer in this new world? Develop a real strategy around engagement by practicing these simple steps: listen, learn, and engage. Listening creates insights; insights drive engagement; and engagement drives revenue. Truly engaging with customers will allow businesses to see in real time when customers' wants and needs are changing so businesses will be able to adapt, survive, and ultimately thrive.
