The Disengaged Teen Jenny Anderson, Rebecca Winthrop, 2025-01-07 Our education systems are shortchanging far too many teenagers This book is brimming with insights on how to change that It s an engaging evidence based and practical read about how to develop a generation of lifelong learners Adam Grant 1 New York Times bestselling author of Hidden Potential and Think Again and host of the podcast Re Thinking A powerful toolkit for parents of both checked out and stressed out teens that shows exactly what to do and stop doing to support their academic and emotional flourishing Adolescents are hardwired to explore and grow and learning is mainly how they do this But a shocking majority of teens are disengaged from school simultaneously bored and overwhelmed This is feeding an alarming teen mental health crisis As kids get older and more independent parents often feel powerless to help But fear not there are evidence backed strategies to guide them from disengagement to drive in and out of school For the past five years award winning journalist Jenny Anderson and the Brookings Institution s global education expert Rebecca Winthrop have been investigating why so many children lose their love of learning in adolescence Now weaving extensive original research with real world stories of kids who transformed their relationships with learning they identify four modes of learning that students

use to navigate through the shifting academic demands and social dynamics of middle and high school shaping the internal narratives about their skills potential and identity Resister When kids resist they struggle silently with profound feelings of inadequacy or invisibility which they communicate by ignoring homework playing sick skipping class or acting out Passenger When kids coast along consistently doing the bare minimum and complaining that classes are pointless They need help connecting school to their skills interests or learning needs Achiever When kids show up do the work and get consistently high grades their self worth can become tied to high performance Their disengagement is invisible fueling a fear of failure and putting them at risk for mental health challenges Explorer When kids are driven by internal curiosity rather than just external expectations they investigate the questions they care about and persist to achieve their goals Understanding your child s learning modes is vital for nurturing their ability to become Explorers Anderson and Winthrop outline simple yet counterintuitive parenting strategies for connecting with your child tailoring your listening and communication styles to their needs igniting their curiosity and building self awareness and emotional regulation Youth, Faith, and Artificial Intelligence Zaremohzzabieh, Zeinab,Abdullah, Rusli,Al-Issa, Riyadh Salim,Ahrari, Seyedali,2025-08-29 As AI continues to reshape society its intersection with the younger generation and faith has presented opportunities and ethical questions For the youth navigating their beliefs and identity has become increasingly difficult in this modern world AI can serve as a tool and a hindrance to spiritual exploration and a challenge to traditional values Faith communities in turn are grappling with how to engage youth meaningfully in an era shaped by algorithms virtual interactions and machine learning Youth Faith and Artificial Intelligence explores the rapid advancement of AI and its impact on the way we interact with the youth This book examines how theological perspectives can help youth navigate the complexities of an AI driven society Covering topics such as AI youth and engagement this book is an excellent resource for sociologists researchers academicians educators and more
