Podcasting in a Platform Age John L. Sullivan, 2024-01-25

Podcasting

in a Platform Age explores the transition underway in podcasting by considering how the influx of legacy and new media interest in the medium is injecting professional and corporate logics into what had been largely an amateur media form Many of the most high profile podcasts today however are produced by highly skilled media professionals some of whom are employees of media corporations Legacy radio and new media platform giants like Google Apple Amazon and Spotify are also making big and expensive moves in the medium by acquiring content producers and hosting platforms This book focuses on three major aspects of this transformation formalization professionalization and monetization Through a close read of online and press discourse analysis of podcasts themselves participant observations at podcast trade shows and conventions and interviews with industry professionals and individual podcasters John Sullivan outlines how the efforts of industry players to transform podcasting into a profitable medium are beginning to challenge the very definition of podcasting itself *The Road Home* Ai Wei,2019-08-20 Jiefang is a boy who has a peculiar fascination with gunpowder and is gifted with a nose that can find it from miles away Trouble follows when his father paints a picture of a war hero bomber below the portrait of Chairman Mao and is quickly labelled a Counter Revolutionary Despite his loyal devotion to the Party his father is taken away and Jiefang faces bullying from a clique of classmates As the feud between them escalates Jiefang s unexpected discovery of a bomb leads him to continue exploring his unusual affinity for gunpowder and what it means to truly be a hero How to Start a Podcast Using AI Benjamin Pollack,2025-08-21 We are in a sweet spot AI tools are polished enough to deliver professional results The podcasting space is still wide open for new voices Most people still don t realize how easy it s become to start If you wait another two years the market will be more crowded and your unique idea might already be taken by someone else Starting a podcast in 2025 is like starting a YouTube channel in 2010 the wave is building but it hasn t fully crested yet If you get in now you can ride the momentum as AI reshapes the industry This book gives you the roadmap the tools and the prompts to launch your podcast with confidence Inside you ll learn how to Plan your show and define your audience Build your podcast brand with AI powered tools Record and edit episodes quickly with professional results Distribute your show across major platforms Grow your audience and community Monetize your content and create sustainable income Avoid AI pitfalls while keeping your authentic voice You don t need a studio or expensive equipment just your voice a laptop and the willingness to start With the help of AI you can cut your production time in half create better content faster and focus on what matters most connecting with your listeners Whether you re an entrepreneur educator storyteller or simply someone with a passion to share this guide will help you go from idea to published podcast in days instead of months Your audience is already out there scrolling through Apple Podcasts or Spotify looking for someone like you This book will help you make sure they find you *Audio For Authors* Joanna Penn,2020-03-06 Do you want to create publish and market your audiobooks Are you ready to use podcasting to grow your author brand and reach more readers with your books Audiobooks are the fastest growing segment in publishing with double digit growth in markets across the world
