Building the World Frank P. Davidson, Kathleen L.

Brooke, 2006-06-30 Humans are builders we make structures to span rivers to connect points of land to offer shelter Indeed throughout history civilizations have created structures of such immense scale requiring such tremendous resources that they might have been thought impossible From the Taj Mahal to the Suez Canal from Solomon s Temple to the Trans Alaska Pipeline these feats of macro engineering are a testament to the creativity and foresight of engineers architects government officials and diplomats Who came up with the ideas for these projects How did they see them through to completion What obstacles diplomatic legal logistical and engineering had to be overcome for these structures to be built What impact did these engineering projects have on the economies and cultures of their societies This encyclopedia answers all these questions showing how central these great engineering projects are to the history of civilization It includes the legal documents that launched them Building the World comprises detailed entries on over forty of the most important engineering projects in world history such as Washington D C the Eiffel Tower and the Channel Tunnel The rich illustration program includes 66 photographs and 30 illustrations maps and drawings that document the most important structures ever built Each entry includes a detailed history of the planning and construction of the project and a discussion of its subsequent importance A unique feature of the encyclopedia is an extensive primary source collection that illustrates how the decision to create such a structure came to be demonstrating the importance of individuals in imagining planning and building some of the most famous engineering landmarks in the world

Dwell ,2005-01 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines *The American Printer* ,1920

Dwell ,2005 **Encyclopedia of Television Shows, 1925 through 2010, 2d ed.** Vincent Terrace, 2014-01-10 This fully updated and expanded edition covers over 10 200 programs making it the most comprehensive documentation of
