company's complicated relationship with the news industry. She shows how Google developed a push and pull relationship with the media sector, boosting its visibility while also competing against it and establishing new norms. What the company calls the Google way of experiencing news has exerted a profound influence on traditional media. Google's news ambitions in turn have been shaped by the global news industry's actions and reactions at every step. Shedding new light on the vast transformations of the past quarter century, this multimethod interdisciplinary book also offers insight into how the news environment might evolve in the era of AI.
