*Open Talent* John Winsor, Jin H. Paik, 2024-01-16 In the new world of hybrid work and AI one thing is clear the war for talent is over and talent won With sparsely populated offices and people working from wherever they are and with AI emerging everywhere in business and dominating headlines our work lives have undergone a remarkable transformation seemingly overnight But the reality is that for years the ever growing digital wave has been breaking down organizational

boundaries and increasing the adoption of open innovation including the use of crowdsourcing platforms as a talent solution Now the imperative is clear adapt to and leverage this new digitally enabled world of open talent or get left behind In this eye opening essential guidebook John Winsor and Jin Paik with their work at the Laboratory for Innovation Science at Harvard show how the massive reset of the pandemic allowed talented workers everywhere to exit their jobs without leaving the workforce Now many are freelancing for multiple companies or are starting small businesses challenging hiring managers as never before amidst a transformed workforce What s more talent has more power than ever using platforms such as Freelancer com Fiverr and Upwork setting their own terms for work what where when and at what price How can companies adapt The key the authors argue is shifting to a more distributed idea and structure of collaborative work The authors call this a networked organization where talent is culled from both inside and outside the organization and viewed through a single lens as a global ecosystem that can be tapped as needed With rich stories keen insights and an abundance of practical advice Winsor and Paik provide a new framework and operating model for transforming your organization into a talent orchestrating problem solving machine

**Build A Business Around Your Curiosity: Learn, Build, Share, Sell, Repeat** Ahmed Musa, What if your curiosity wasn t a distraction but your greatest business asset This book is your permission slip to stop waiting for clarity and start building with what fascinates you Instead of following someone else s formula you ll discover how to turn your natural interests into powerful income engines without burning out faking expertise or locking yourself into one narrow niche You don t need to have it all figured out You don t need a perfect plan What you need is a loop learn something new build something small share it publicly offer it for sale and repeat That s how momentum builds That s how trust compounds And that s how modern creators are turning curiosity into profitable businesses without losing themselves in the process This approach works whether you re just getting started or reimagining your next chapter It honors the way creative minds naturally work driven by questions inspired by patterns and fueled by experimentation You ll learn how to validate ideas by sharing your process how to grow an audience by inviting them into your learning journey and how to make money by offering simple valuable products that emerge from what you ve already explored You don t need to commit to a single topic forever You just need to commit to the loop Curiosity leads to learning Learning leads to building Building leads to sharing Sharing leads to sales Sales fund your next round of curiosity The old business model says you need to know everything upfront The new business model says start with what you re curious about and let that be more than enough This is the book for creative minds ready to turn their questions into income and their interests into impact Learn Build Share Sell Repeat
