Dobrin, 2023-08-18 AI and Writing is an introduction to Generative Artificial Intelligence GenAI and its emergent role as a tool for academic professional civic and personal writing Sid Dobrin examines GenAI from two perspectives the conceptual and the applied The conceptual approach addresses the function of GenAI and the ramifications of its use as a writing tool especially the ethical social and material issues it raises The applied approach offers guidance to assist readers in using GenAI responsibly and authentically In consideration of the rapid evolution of GenAI and the many unsettled questions about its role Dobrin leaves room for readers to adapt to shifting technological and institutional conventions This book is intended for composition and writing intensive courses and for any readers with a general or professional interest in the role of GenAI in writing While it is primarily designed for first year writing courses it s also applicable to courses in advanced writing professional writing technical writing business writing and writing across the curriculum as well as writing intensive courses in other disciplines In other words it can be used in any course in which students are required to produce texts The

Work-Ready Graduate Neil B. Niman, Jennifer R. Chagnon, 2023-07-06 This book examines the tide of change facing higher

education as it grapples with providing a more relevant and demonstrated value for its graduates entering the workplace. Based on their experience with the Business in Practice program, they created the authors share the rationale and practical approaches colleges and universities need to implement if they are to foster the development of a work-ready graduate. What sets the program apart are the two credit courses crafted to take advantage of the unique knowledge and work experiences of industry professionals that complements our core curriculum. Utilizing experiential learning, the program is designed so that students can apply soft skills in a progression that helps develop those capabilities that are beneficial for them and desired by employers. It is structured to bring internship-like experiences to campus, giving the vast majority of students a quality work-related experience that is impactful and relevant for today's economy.

[You to the Power of Two](#) Joseph Bradley, Don Tapscott, 2025-12-02. A new and previously unexplained era of artificial intelligence will transform human life forever. Discover what this means for our personal identity and our future. AI tools are already reshaping the way we work and communicate, but as they gain autonomy, they will no longer be mere tools; they will become active participants in our world. As our digital identities become smarter and more capable, we enter the age of identic AI, a world where ever-present AI companions streamline daily tasks, enhance wellbeing, and offer lifelong learning. For professionals, these intelligent agents will amplify creativity, boost productivity, and expand human potential. But with this extraordinary promise comes profound risks to individuals, businesses, and society itself. From technology experts Joseph M. Bradley and Don Tapscott, *You to the Power of Two* is a thought-provoking and timely guide that will prepare readers to thrive in a world of personal AI agents by revealing how our new digital sidekicks will transform our careers, healthcare, education, and relationships. Empowering readers to embrace AI with confidence and purpose rather than fear, exploring AI's role in redefining human potential, success, and the institutions of society, explaining self-sovereign identity and decentralized AI models that will safeguard autonomy, control, and the future. For individuals, businesses, and policymakers alike, identic AI will reshape how we work, learn, and connect. Will we harness its power for a more equitable future, or will we let it shape us in ways we can't control? The future isn't written; it's ours to create.
