All new content addressing the role of brand ambassadors, social media influencers, and nontraditional media in promoting events and encouraging fan engagement. An updated discussion of event sponsorships and how sport organizations are implementing creative activation strategies pre-event and game day deliverables, and the latest technologies to maximize exposure and measure effectiveness. An expanded discussion of contracts and other legal considerations such as compliance with the Americans with Disabilities Act (ADA). An expanded section outlining how principles of project management can be used to effectively plan events. New industry profiles that provide insights into key players and noteworthy happenings in event management. Related online activities delivered through HKPropel provide robust learning opportunities for students. A brand new semester-long project in which students plan, prepare, produce, and evaluate a fictional pickleball tournament, as well as compile a formal event management plan handbook. Scenario-based activities in which students make a decision and then see the implications of their choice. Mini case studies for each chapter with questions to test comprehension. Sample contracts that represent common agreements encountered in event management.
