

American  
Heart  
Association.

A detailed anatomical illustration of a human heart and its major blood vessels, rendered in a glowing red and orange color scheme. The heart is positioned on the left side of the frame, with its major arteries and veins branching out towards the right. The vessels are depicted with a translucent, wireframe-like texture, giving them a three-dimensional appearance. The background is a dark, gradient red, which makes the glowing heart and vessels stand out prominently.
